### Dear Alumni,

An 'alumnus' is 'the nurtured one', who is loved, cherished, and held in high regard and affection. This term 'alumnus' is therefore exactly descriptive of our feeling for our old students here at Oriental College of Pharmacy. You are the brand ambassadors of our institution in fact, the significant stakeholders.

The publication of the 11th Edition of our OPAA Bulletin-2022 is to celebrate many accomplishments and achievements that have been made by the students and staff of Oriental College of Pharmacy in the past year. It was a year of achievements and victories, of facing new challenges and reaching greater heights. Connecting to one's alma mater is always a great feeling, and the college shares this sentiment and is elated when it gets to know about the various achievements of its former students after leaving college.

I am delighted to share that some of our students have successfully qualified GPAT and few have succeeded in NIPER as well. Also, we are privileged that 5% of the students have been admitted in our college under Prime Minister Scholarship Scheme. Our college has also started increase in the intake in B.Pharm from 60 to 100, since the academic year 2020-21. In ongoing academic year, we are targeting for NAAC Accreditation which will be a matter of pride.

With the support and guidance of Smt. Humera Javed Khan, President, Oriental Education Society and Mr. Waseem Javed Khan, General Secretary, Oriental Education Society, looking forward to another rewarding year as our students journey towards making and taking their places in the world. I hope and pray students of our college will scale great heights and keep the Oriental College of Pharmacy flag flying high wherever they thread.

## FROM THE EDITOR'S DESK

**Dear Alumni,**

Greetings from your Alma Mater, OCP!

It gives us immense pleasure to present you with the OPAA Bulletin, 2022 (Issue-11).

With each passing day, we are growing in the field of Pharma Education and Research, but that doesn't make us forget our beloved Alumni. Like every year, this year also your Alma mater wishes to communicate its news to you through your most awaited OPAA Bulletin!

Our sole intention behind this Bulletin is to nurture the relationship with our Alumni wherever they be and communicate them the campus news.

We would like to quickly walk you through our achievements and activities of the academic year 2021-22.

PCI has approved and increased the intake of students from 60 to 100 for B. Pharm course. College continues to offer M. Pharm in Pharmaceutics, Pharmacology and Quality Assurance.

Our faculties have signed MOUs with many companies and industrial visits are carried out regularly to bridge the gap between academia and industries. We request you to come forward, contact us and join hands together to reduce this gap between the two closely related fields.

In this issue we have included an article on Piperine – A Natural Bioenhancer for Xenobiotics by Ms. Hemali Savla, Assistant Professor in Pharmaceutics.

Aditi Dubey and Varun Gupta, two of our beloved and distinguished alumni have contributed to this bulletin with their kind words.

With every passing year, we are growing in our library treasure, allotment of scholarships and number of placements.

Our library is a treasure trove of great pharmaceutical books, magazines, journals and many more. Library process is automated with the help of e-granthalaya 3.0 software which is used for accessioning, cataloguing, circulation, searching and periodic maintenance. Similarly, placement cell activities like seminars/webinars on job opportunities after B. Pharm and/or M. Pharm, number of placements and allotment of scholarships have also been escalated in these years.

In the academic year 2021-22, 12 students qualified GPAT, 9 cleared NIPER and there were Mumbai University toppers from all streams of M. Pharmacy.

Our students are equally enthusiastic in co-curricular and extra-curricular activities. They passionately participate in various other activities done in the college. Some highlights of cultural week, sports week, Gravity Vivifica 2022, health awareness by DLLE, blood donation drive by PHO and various activities done under Azadi ka Amrit Mahotsav have been presented in the Campus news section.

Some new competent faculties have joined the institute in Pharmaceutics, Pharmacology and Pharmaceutical chemistry department, details of which are communicated in the last part of bulletin.

Wishing you all the very best for all your future endeavours. Feel free to contact us and build a rapport so as to bridge this gap between academia and industry.

We wish to hear from you!

Ms. Sanie Zehra Shaikh  
Assistant Prof. in Pharmacology

Dear Alumni

We would like to build a rapport with you by sharing our campus news and getting your professional news with respect to your current organisation, job position and description.

We would be extremely delighted if you can come forward and share your expertise with our undergraduate and post-graduate students through guest lectures/expert talks, career guidance, seminars on internship and placement opportunities, research collaboration, giving gift samples for research work, feasible MOU's between OCP and your current organisation in order to bridge the gap between industry and academia.

To make this feasible we organize alumni meet every year so as to show our love and affection to our alumni, interact with them and walk them through their nostalgic memories of days spent in OCP, which we are sure you cherish a lot. This gives you an opportunity to meet your old friends and staff members with whom you must have lost the contact after graduation/postgraduation. ## PRINCIPAL'S MESSAGE

**Dear Alumni,**

Oriental College of Pharmacy is one of the premier institutions; established in the year 2004 and approved by AICTE, Pharmacy Council of India, New Delhi and affiliated to University of Mumbai, is having state of art facilities to cater the need of pharmacy curriculum. Under the able guidance of visionary Professor Javed Khan, President, Oriental Education Society, our college has meticulously followed all norms of the regulatory bodies and has emerged out a blend of highly experienced and dedicated academic experts, research facilities and industry-academia interaction which makes it one of the best institutes. We are aware that although we have much to our credit but we have still to go ahead. Along with the cooperation of our illustrious alumni, pharmacy industries, students, faculty and all other well-wishers, we want to maintain the pace of our progress.

I am pleased to share you that our college has got approval for PhD research centre. Our college has been ranked by NIRF (National Institute Ranking Framework) for the band of 76 to 100. This year also our students topped the University of Mumbai in both B. Pharm and M. Pharm. Pharmacy Council of India (PCI) has approved our college for 5 years (2017-2022). This year, our students managed excellently to get GPAT qualified and eventually few of them have

been selected in NIPER. Due to pandemic situation, physical presence of the students for convocation was not possible. But, with the dedication of our teaching faculties and in the presence of our honourable President, Managing Director and Trustees, we proudly presented this memorable moment to all the students through online mode.

Presently we are going for NATIONAL BOARD OF ACCREDITATION (NBA), and I wish to see our college in first five in Mumbai and Maharashtra.

It is one of my thrilling and proud moments to release OPAA Bulletin-2020 ninth edition of Oriental College of Pharmacy. We would love your proposals and suggestions regarding betterment of institute and pharmacy profession at large. The utmost important to achieve success in life is sincerity, honesty and hard work, these makes all the difference.

You have been part of the OCP family the day you took admission in the college and now we want to ensure that you remain and be a happy member of the OCP family as our alumni.

The primary objective of this bulletin is to encourage the building of rapport, networking and to keep in touch with our beloved alumni. We wish to share all the achievements and news of the entire year with you all via this bulletin.

## ALUMNI SPEAKS

**Student Name: Yogesh Chadhari**

**M. Pharm. Batch (2015-17)**

**Sr. Research Associate / Scientist CCR.PVT.LTD ( Dr. Reddy's) Hyderabad**

"Pursuing a course from OCP was the best thing that happened to my career. My stint at OCP proved to be a turning point in my life. The institute emphasises on sharpening basic fundamentals while enhancing the student's Research skills.

"I had the most memorable time studying at OCP. The faculty was most helpful and guided me at every step in honing my core competencies. I thank all those who guided me for the wonderful experience. I look back at my days at OCP as building blocks to my career.

As a successful Clinical Researcher, "I am proud to be a OCP alumnus."

**Student Name: Tejaswini Navale**

**M.Pharm . Pharmaceuticals**

**(UNIVERSITY TOPPER FOR M.PHARM SEM 1 PCI SYLLABUS)**

It is rightly said, the investment in knowledge pays the best interest. And I could now happily say that yes, I have received the best returns. Choosing pharmacy profession as my career and above all choosing OCP to shape my career was the best thing I can say. Believing in yourself is the first secret to success. This is what OCP has given me. I have been associated with OCP for the last five years. I have completed my graduation in OCP with the best experiences so no doubt I chose the same institute for my PG. Education is not the learning of facts but training of mind to think. OCP has trained me to think out of possibilities, to believe in yourself, to answer all the 'Whys'. The working environment, support and guidance provided by the institute, teachers and staff has helped me to groom myself throughout. Along with academics, I could also explore my artistic interests.

I extend my sincere gratitude to our Principal Madam, our teachers and faculty members for all the support they have provided throughout the years.

**Student Name: Bhagyashri Sanjeev Phadke**

**Product Manager – Galpha Laboratories**

**M.Pharm, MBA**

It happened accidentally that I chose the profession of pharmacy, & accidentally I landed up in OCP. After coming here I received a great opportunity to learn basics of Pharmacy, Pharmacology, and Medicinal chemistry from experienced professors. It helped me built interest in all the subjects and hunger to learn more and more. Knowledge base was grounded very well in the faculty members they always motivated, mentored and groomed us. This knowledge paved a way for doing Masters in Pharmaceutics. At OCP, there is a perfect blend of Academics and co-curricular activities that helped us for all round development & to build our personality; I could showcase my literary, editorial, & Art skills. My sincere gratitude towards Dr. Sudha Rathod ma'am, Principal, OCP & all faculty members for always supporting me. Our professors were always there to drive us throughout all the four years, with their mentorship we can now take leap high in our careers in Pharma. I am sure, OCP will continue to create great future leaders of the Pharma industry.

**Student Name: Aditya Ajit Singh**

**M.Pharm (Pharmacology ) Research scholar**

**National Institute of Pharmaceutical Education and Research (NIPER), Hyderabad.**

**(Topper of the Batch: 2018-2019 passed out and got selected under PMRF Scheme for training in NIB, Noida and recipient of IDMA J.B Mody award)**

OCP, the institute where my dreams took a shape and I became a better person.

There is no enough proof for me to justify how important OCP has been in shaping my career, words always fall short, there is an emotional connect with OCP that is beyond imagination. Coming as a lanky boy with not much expectations and not so "curious" mind, I chose OCP as my alma mater for my graduation studies, little to know that this is going to change my entire life and career perspective forever. OCP gave me a professional environment and guidance that is required; I was inspired enough by my seniors and professors to become what I am today. Talking about inspiration, I got highly motivated about how practical education was at OCP, "The cure for boredom is curiosity. There is no cure for curiosity", this saying is good enough to know what the work ethics and teaching style is at OCP. I still remember some of my teachers who were always behind me to help me realise my potential and constantly work on my weaknesses to become more strong and better.

I will be, for my entire life and beyond it indebted to my alma mater.

I thank the staff, non-teaching staff and everyone at OCP for helping me in all possible ways. I would also like to thank Principal Dr (Mrs.) Sudha Rathod for being always available and supportive towards me and the Alumni cell to have given me the opportunity to pen down my thoughts for OCP which would not have been possible to speak in person without moist eyes, Thanks!

The secret behind getting ahead is getting started. “ OCP has given me a way to explore and enhance myself and it always provides a scenario for oneself to get upgraded for a better future. My love & interest for science and pharmaceutical knowledge was unfadable and OCP successfully drove it. This college also organizes a fun filled college fest (GRAVITY) which is the most cherished memory of every student of OCP. Whatever I have achieved in IPA events or learnt every bit from it is possible because of management, our principal Dr. Mrs. Sudha Rathod and my teachers as they supported me at each step. I thank OCP for always supporting me and for giving sweet memories of 4 years. OCP has the best bunch of teachers in terms of their knowledge and nature. I can proudly say that I have passed my bachelors of pharmacy from ORIENTAL COLLEGE OF PHARMACY

Every success story is a tale of constant adaptation, revision and change. This quote aptly describes the atmosphere of oriental college of pharmacy. My success story is only due to the supportive atmosphere and constantly motivating attitude of teachers.

What I am today is only the product of constant efforts and struggle put in by my college, teachers and me. I would like to specially thank Amjad Sir, for being a mentor and for constantly being supportive.

“Nobody can go back and start a new beginning, but anyone can start today and make a new ending.”– Maria Robinson

It was hard to start in a field in which I had no idea about the subject and my future in it. But one thing I always had in my mind was to excel yourself in whatever task you are put in. It began with OCP, I was fortunate enough to get admission in such institute where there is always a friendly relationship with the faculty members. Dr.Sudha Rathod maam being my Mentor was a mentor to each and everyone, the doors were always open for any questions that popped in our mind. The teachers have given us immense knowledge and support not only in our academics but also in our extracurricular activities. In OCP we not only had tensioned exams but also the annual fest GRAVITY gave each and every one of us to explore ourselves and enjoy the entire week to the core. I have passed out from such a great institute that makes me feel happy and proud.

From years, Oriental college of pharmacy has been culturing some of the finest talent in the field of pharmacy which is well depicted by the number of students qualifying GPAT each year. An amalgamation of knowledgeable and supportive faculties with encouraging work scenario at OCP helped me and other students to lay a solid platform to achieve excellence in the pharmaceutical field worldwide. The Institute not only focuses on academics but also provides a platform which helped me in getting an overall exposure to extracurricular activities as well. The seminars, expert lectures, workshops, industrial visits, etc. held here time to time helps the young mind to get in touch with the finest people in this field which in a way provides encouragement to them for building their brightest career ahead.

Being associated with Oriental College of Pharmacy (Batch: 2012 passed out ), is something I cherish, more so as I have been associated with it from its formative years. It feels great to pen down my feelings for this institute. I would want to grab this opportunity to express my gratitude to all the dear professors and supporting staff who were the important pillars towards my journey in completion of my bachelors. It also feels great to see how this institute has bloomed over such short span. I wish OCP all the success in the coming years. Whenever I shall be making new strides in my career, this institute shall always be remembered by me with gratitude.

**Pratiksha Bhanger**

(Batch:2018 passed out)

As someone rightly said " Investment in education pays best interest ". I proud to say that I made no wrong decision in selecting Oriental College of pharmacy as one of my institute for four year B. Pharma curriculum.

The four golden years of my life spent at OCP was a perfect roller coaster ride. I gain the strength to face challenges confidently and emerge out with flying colors. The care and affection with which every member of OCP family nurtured me has set deep gratitude and love for the institution. I benefitted a lot from my faculty members who were always cooperative.

OCP made me recognize my hidden potential, build on my talent and achieve great feats of success in various areas. Today I'm very proud and blessed to be a part of OCP family

## **Burhannuddin Kagalwala**

**(Batch:2018 passed out)**

“If you want to live a happy life, tie it to a goal, not to people or things.” That goal in my life has been to excel in Pharmacy. It has been the best thing which could ever happen to me. I am grateful to OCP who provided wings to my flight.

“Medicine is not only a science; it is also an art. It does not consist of compounding pills and plasters; it deals with the very processes of life, which must be understood before they may be guided.” Here at OCP we do not just focus on obtaining our B.pharm degree but to excel as an healthcare professional as the health of our future generations depends on us. Excellence drives in the blood of OCP faculty, such complex concepts of pharmacy explained in such a student friendly way. Special thanks to our principal Dr. Mrs. Sudha Rathod for motivating us not only in academics but also in various extra curricular activities like sports, cultural events, quiz & poster competitions, etc. This has enabled us to not only become good students but all rounder healthcare professionals.

My overall journey at OCP consisted of many ups and downs. My greatest fear in life has been failure. That has enabled me to succeed these four years of my B.pharm and now I can proudly call myself an healthcare professional.

My journey through these four years would have been impossible without such excellent faculty of OCP. Thank you OCP for providing me such a strong foundation of knowledge which will greatly help me in my future endeavours. In the end I would like to quote “The aim of medicine is to prevent disease and prolong life, the ideal of medicine is to eliminate the need of a physician.

## ALUMNI SPEAK

**Shefali Dobani**

Final year B. Pharm

**"Where there's a will, there's a way".** This proverb has been a career enhancing one. It was my own will to pursue Pharmacy and OCP paved a way out to explore my knowledge in this field.

**"Where ever the art of medicine is loved, there is also a love for humanity".** This principle is being followed so well in OCP. The highly experienced teaching faculty maintain a student friendly environment and support students at every step. Moreover, our Principal Dr. (Mrs.) Sudha Rathod Ma'am and the teaching faculty encourage and motivate the students for participating in various extra-curricular activities and competitions which help the students develop a sense of confidence and built overall personality. This institution believes in excellence and serves a great platform in serving the knowledge of Pharmacy in the best way to all the students.

The overall journey of four years in OCP had been amazing and memorable one. As I set out to fly higher in the sky in search of newer boundaries, I believe the knowledge gained at OCP will be that "Wind beneath my wings" which will help me reach out to newer skies and horizons in future.

**AJAY RAIDAS**

Final year B. Pharm

First of all thank you for giving me the opportunity to speak about my Life Changing alma mater "Gurukul"  
-Oriental College Pharmacy

Now, I can speak with confidence and immense happiness that my life is truly changed by the quality education and knowledge, I gained from the extremely talented and research oriented professors (GURU's) of Oriental college of pharmacy.

I have learnt a lot from my faculties, which cannot be expressed in some words, though, I would like to say, teachers are "not like", in fact they are our second parents, I remember whether it is overwhelming support for understanding course of subjects or path of life OR going out of the way for helping in acquiring notes, books and many more; I'm thankful to them till my last breath.

My journey with OCP was enriched manifold by your presence, Teachers!

At the end, I would like to thank OCP for providing the family of scholars and lifelong friends who will always come back home to OCP and I will always owe my success to my Teachers, non-teaching staff and my College.

Best Wishes.

**V. Eyaldeva**  
Final year B. Pharm

Change is the only constant thing in life. In my life change like studying in this institution is the most beautiful phase of life which I feel will be the precious one. After spending 4 years in the college now when I look back I see a change in myself from the time I entered to the time I am about to leave this beautiful environment. A change for my better future. Credits goes to teachers who moulds us into a good human being & build our confidence level for a perfect maneuver to reach our goals, also to the Principal maam who knew what's best for us & to our kind and helpful non-teaching staff. Major takeaway for me is 'Knowledge', once said by my great proffessor "Knowledge never goes in vain. At some or the other point it will be applicable". This institution has an endless support system, encouraged me at every point & most importantly people I met here like faculty members as well as friends are the best.

Last but not least, 'OCP' is the handsel and days here was the bliss of my life.
