ORIENTAL PHARMA ALUMNI ASSOCIATION BULLETIN

Issue-3, February- 2014

From the Editor`s Desk,

We are pleased to present third issue of OPPA bulletin. Within 10 years, the college has developed as one of best institute and research centre for pharmaceutical education. A team of Oriental College of Pharmacy (OCP) is committed to the motto of imparting “Knowledge, Character & Integrity” to our students. With the highly professional environment provided by the management & sincere efforts of Principal & staff of OCP, we are aiming OCP to be the best Pharmacy College in the nation.

This year our first batch of M.Pharm (Pharmaceutics) is passing out. Most of B.Pharm & M.Pharm students have been placed through campus placement. Our **PLACEMENT CELL** is consist of experienced staff members. We welcome all the concerned industries to end their search of talent at OCP. We strongly believe that our students would definitely serve academic, pharmaceutical industries, community & hospital pharmacy at their best levels.

This issue brings to you write up on” FUTURE PROSPECTS OF PHARMACY” by Yogesh M. Bhosle under column “Continuing Pharma Education”. We have introduced a new column “ALUMNI SPEAK” to make bulletin more interactive.

In campus news section we have introduced new faculties, research updates, minor research grants received by the staff members, industrial visit by the students & various seminar & events organized & celebrated in the institute. Specially two days **ICMR**, Delhi sponsored National Symposium on "**Role of Herbal formulations in Improvement of Women's Health**" on 6th and 7th September 2013 held at OCP.

The purpose of alumni association is to foster and promote the general welfare of the institute & to bring all the members of OPAA on a common platform. We are releasing a list of registered alumni members as well as alumni data base of batch 2012-2013. One can get information about alumni activities on OCP web site. We will soon start OPAA alumni portal & you can also connect with your friends on Twitter, Face book, Official Website & E-mail of OPAA.

The alumni are requested to contribute time, money, resources for the organization, write ups, notes, articles, news & suggestions etc. Students are requested to register their names as member of 'OPAA alumni association' by submitting form & paying a fee for life membership in the office.

Please do send your opinions and suggestions to make our bulletin more informative and interactive.

With best wishes

I consider B.Pharm course at OCP as the turning point of my life. Excellent infrastructure, highly rated research oriented faculty .The most important takeaway I have from this institution is a realization of my abilities .OCP has a way to get the best out of a student. The most valuable lesson I have from my stay at OCP is that I learnt how to learn.

I owe my professional growth to OCP. I believe that OCP occupies a distinctive space in the realm of institutions of higher education. This institution offers a highly fertile ground for the unparalleled growth of next generation of professionals

FUTURE PROSPECTS OF PHARMACY

YOGESH .M. BHOSLE (M.Pharm Pharmaceutics)

What is Pharmacy?

Pharmacists are highly qualified professionals with a specialist in medicines. Studying pharmacy is intellectually demanding and stimulating as you will acquire in-depth knowledge of a range of subjects from the basic and applied sciences such as physiology, biochemistry and advanced neuropharmacology to social pharmacy concepts. You will develop advanced communication and problem-solving skills as well as research skills in the laboratory or practice setting. The M. Pharm course provides graduates with the skills required to follow a variety of career paths.

Pharmacists even have a hand in assessing applications by drug companies to manufacture new medicines, helping to protect public health and maintain standards. This increasingly vibrant profession is changing all the time. For example, there will be an increasing role to play in social care. New roles are evolving constantly.

Pharmacy can put you squarely in the role of a key player in the future of healthcare worldwide. But what do pharmacists actually do? And where do they put their skills to use? It all depends on what branch of the profession you choose.

- A well-rounded career

RESEARCH CAREERS IN PHARMACY

- New and expanding knowledge in health care and biomedical sciences provides tremendous opportunities for the pursuit of research careers for pharmacists. Graduates with the Pharm.D. degree can pursue a research career directly or following additional education either in the form of residency and fellowship training or in formal graduate programs leading to the M.S. and Ph.D. degrees.
- With a clinical focus one can be involved in the conduct and analysis of large-scale human drug studies in academic, industrial, and governmental settings. Pharmacists are also highly qualified to pursue additional training in business, public health, or pharmaceutical socioeconomics in order to become involved in research in drug utilization, health care outcomes, and the provision of pharmacy services.
- Research careers in the basic pharmaceutical sciences: medicinal chemistry, pharmaceuticals or pharmacology, frequently require advanced education at the M.S. or Ph.D. level, and usually involve biomedical research activities focused on the molecular-level understanding of drug action, the identification and synthesis of new drug molecules, or the development of safe pharmaceutical products for human or animal use.

GO FOR IT.....

If you enjoy working with people and would like a rewarding career in healthcare, then studying pharmacy is the way forward. The pharmacy degree equips you with an extensive knowledge of medicines, one of the most common interventions used in promoting health and preventing disease.

A DAY FOR THE PROFESSORS

5th September, 2013 organized in the college

Venue: Seminar Hall, Oriental College of Pharmacy.

Organized by: Student Council. Students of Oriental College of Pharmacy organized an event to celebrate Teacher's Day on 5th September, 2013. The program was conducted for three hours which started with the welcome speech by Mr. Ameesh Shukla, General Secretary of the Student Council. It was followed by lighting of lamp by Dr. (Mrs.) Sudha Rathod and the respective HOD's. The program proceeded with the blessing of Goddess Saraswati by a pleasant song 'Saraswati Vavdana'. The program continued by giving the token of love as a gratitude to the teaching and non teaching staff for putting their efforts into us. The seminar Hall was silenced with a melodious guitar performance by our college student. After the performance a cake cutting ceremony was organized, the teachers were then thanked by giving greeting cards made by the students of respective classes. The best part of the program was the documentary which was dedicated to our teachers and this was indeed a great surprise. The Principal Dr. (Mrs.) Sudha Rathod and teachers expressed their feelings by saying few words.

Report of the guest lecture

To motivate our third year and final year students we at OCP are trying to build up relation with the industry. In this context recently on 8th Feb.2014, Saturday we had a guest lecture by Mr. Atul Jakate, GM, International marketing with Zydus Biochem Pharmaceuticals ltd. Mumbai, India.

The lecture was really inspiring to the students. The bottom line of talk was “Standing on the platform (graduation degree) does not guarantee you a seat (Job in the market) in the train. It was very well understood by the students that extra efforts are needed to excel in this competitive world.

Mr. Atul Jakate, GM, International marketing with Zydus Biochem Pharmaceuticals ltd. Mumbai, addressing our final year students on 8th Feb.2014.

We also have arranged a lecture for those students interested to study abroad and to pursue their career. To this end we have organized a lecture by Mr. Sandeep Jadhav, Director of One Source Overseas Pvt Ltd., Andheri branch along with his team members. The talk was scheduled on 01st February 2014 and the topic of discussion was "Education Abroad". In a nutshell the talk was helpful in the way students were now more aware where to apply (university), how to apply (Visa process) and what are the hurdles (documentation) encountered during application.

Mr. Sandeep Jadhav,, Director of One Source Overseas Pvt Ltd., addressing our students on the topic entitled as "Education Abroad" along with his other team members
