## From the Editor's Desk

*Dear Alumni,*

*It is great pleasure for us to present **OPAA Bulletin-2017** sixth issue with a continued emphasis on bringing the campus to our alumni once again. We have maintained high scholastic principles to disseminate the light of pharmaceutical education and hereby congratulating the faculty and students for their genuine expertise and skillfulness to make this OPAA Bulletin-2017 successful. We hope that you enjoy this new bulletin, and that it provides you with a snapshot of the transformative activity being done on campus.*

*In this issue we have included a write up on “Monosodium Glutamate: The Molecule That Enhances Taste in Food” by Dr. Taj U. Khan under column “Continuing Pharma Education”. We have continued column “ALUMNI SPEAK” to make bulletin more interactive, it is our humble request from alumni send us write ups along with photo for “ALUMNI SPEAK” column.*

*In campus news section we have introduced new faculties, placement, minor research grants received by staff members, industrial visit by students & various seminar & events organized & celebrated in the institute, specially “APTI College Coordinators Meet (Mumbai University Regional Unit)” on 22<sup>nd</sup>, April 2017 organized at Oriental College of Pharmacy.*

*We are releasing a list of registered alumni association members as well as Alumni Data Base of batch 2016-2017. You can get information about alumni activities on OCP website. Students are asked to register their names as member of ‘OPAA’. As always, we welcome your comments and suggestions at [opaa.alumni@ocp.edu.in](mailto:opaa.alumni@ocp.edu.in). We look forward to hearing from you!*

With best wishes!!!

Mr. Amjad Ali

# Principal's Message

*Dear Alumni,*

*Oriental College of Pharmacy is one of the premier institution; established in the year 2004 and approved by AICTE, Pharmacy Council of India, New Delhi and affiliated to University of Mumbai, is having state of art facilities to cater the need of pharmacy curriculum. Under the able guidance of visionary Professor Javed Khan, President, Oriental Education Society, our college has meticulously followed all norms of the regulatory bodies and has emerged out a blend of highly experienced and dedicated academic experts, research facilities and industry-academia interaction which makes it one of the best institute. We are aware that although we have much to our credit but we have still to go ahead. Along with the cooperation of our illustrious alumni, pharmacy industries, students, faculty and all other well wishers, we want to maintain the pace of our progress.*

*It gives me immense pleasure to release **OPAA Bulletin-2017** sixth edition of Oriental College of Pharmacy. One of the primary objectives of this bulletin is to encourage the building of rapport, networking and most importantly for us to keep in close touch with our beloved alumni. I hope the bulletin will be a useful contribution to express the collection of our voices and improve the conversations, networking and opportunities from both sides. We would love your proposals and suggestions regarding betterment of institute and pharmacy profession at large.*

*You have been part of the OCP family the day you took admission in the college, now we want to ensure that you remain and be a happy member of the OCP family as our alumni.*

*I wish you all very happy and fruitful future ahead!!!*

***Think New, Be Positive, Look for Alternatives- and you are close in achieving professional excellence***

**Dr. Sudha Rathod**  
**Principal**

## Vision

Create competent Pharmacy Graduates to contribute in the development of healthcare

## Mission

**M1:** To create Pharmacy Graduates through motivated and experienced Faculty supported by good Infrastructure.

**M2:** To encourage students and faculty towards research in the Healthcare Profession.

**M3:** To inculcate the social values and responsibilities for the betterment of community healthcare.

## PROGRAMME EDUCATIONAL OBJECTIVES (PEO's)

### ❖ Professional Expertise

Pharmacy graduate should acquire pharmaceutical knowledge, expertise, skill and competence to carry out various pharmaceutical operations including formulation, synthesis, analysis and trouble shooting.

### ❖ Research and development

Pharmacy graduate should be able to explore emerging technologies in pharmacy and allied area through research and development.

### ❖ Social Responsibilities

Pharmacy graduate should be able to realize their social responsibilities and play an active role in improving community health care system and good pharmacy practice.

### ❖ Entrepreneurship

Pharmacy graduate should be competent enough to be successful entrepreneur with leadership skill and comply with requirement of regulatory and legal system.

### ❖ Continuous learning

Pharmacy graduate should attain aptitude for continuous learning, develop environmental consciousness, inculcate ethical and professional behavior.

## ALUMNI SPEAK

**Shefali Dobani**

Final year B. Pharm

**"Where there's a will, there's a way"**. This proverb has been a career enhancing one. It was my own will to pursue Pharmacy and OCP paved a way out to explore my knowledge in this field.

**"Where ever the art of medicine is loved, there is also a love for humanity"**. This principle is being followed so well in OCP. The highly experienced teaching faculty maintain a student friendly environment and support students at every step. Moreover, our Principal Dr. (Mrs.) Sudha Rathod Ma'am and the teaching faculty encourage and motivate the students for participating in various extra-curricular activities and competitions which help the students develop a sense of confidence and built overall personality. This institution believes in excellence and serves a great platform in serving the knowledge of Pharmacy in the best way to all the students.

The overall journey of four years in OCP had been amazing and memorable one. As I set out to fly higher in the sky in search of newer boundaries, I believe the knowledge gained at OCP will be that "Wind beneath my wings" which will help me reach out to newer skies and horizons in future.

**AJAY RAIDAS**

Final year B. Pharm

First of all thank you for giving me the opportunity to speak about my Life Changing alma mater "Gurukul"  
-Oriental College Pharmacy

Now, I can speak with confidence and immense happiness that my life is truly changed by the quality education and knowledge, I gained from the extremely talented and research oriented professors (GURU's) of Oriental college of pharmacy.

I have learnt a lot from my faculties, which cannot be expressed in some words, though, I would like to say, teachers are "not like", in fact they are our second parents, I remember whether it is overwhelming support for understanding course of subjects or path of life OR going out of the way for helping in acquiring notes, books and many more; I'm thankful to them till my last breath.

My journey with OCP was enriched manifold by your presence, Teachers!

At the end, I would like to thank OCP for providing the family of scholars and lifelong friends who will always come back home to OCP and I will always owe my success to my Teachers, non-teaching staff and my College.

Best Wishes.

**V. Eyaldeva**  
**Final year B. Pharm**

Change is the only constant thing in life. In my life change like studying in this institution is the most beautiful phase of life which I feel will be the precious one. After spending 4 years in the college now when I look back I see a change in myself from the time I entered to the time I am about to leave this beautiful environment. A change for my better future. Credits goes to teachers who moulds us into a good human being & build our confidence level for a perfect maneuver to reach our goals, also to the Principal maam who knew what's best for us & to our kind and helpful non-teaching staff. Major takeaway for me is 'Knowledge', once said by my great proffessor "Knowledge never goes in vain. At some or the other point it will be applicable". This institution has an endless support system, encouraged me at every point & most importantly people I met here like faculty members as well as friends are the best.

Last but not least, 'OCP' is the handsel and days here was the bliss of my life.

# CONTINUING PHARMA EDUCATION

## Monosodium Glutamate: The Molecule That Enhances Taste in Food

Dr. Taj U. Khan

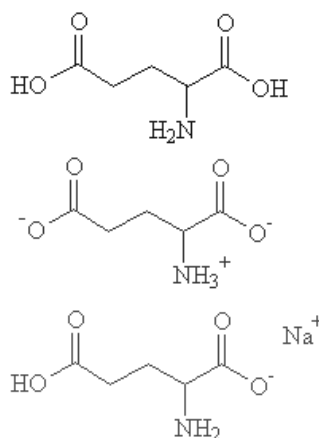

Assistant Professor, Department of Pharmaceutical Chemistry  
Oriental College of Pharmacy, Sanpada, Navi Mumbai

---

### Introduction

Monosodium glutamate, or MSG, is a widely used flavor enhancer. It is said to add a 5<sup>th</sup> flavor to foods, a savoury taste, adding onto the four basic tastes (salt, sweet, sour and bitter). It has many names, ranging from *accent* and *vetsin* to *ajinomoto*. What is so curious about MSG is that it does not act by adding a specific taste of its own (as does salt or sugar), but instead it seems to serve as a stimulant which increases the sensitivity of taste receptors thus "multiplying" the taste of foods.

MSG is the sodium salt of the amino acid *glutamic acid* (Figure 1). In aqueous solution, the acid reverts to its ionised form, and is known simply as glutamate. Glutamate plays a pivotal role in the biosynthesis of several key amino acids, and in fact, most of the non-essential amino acids (such as *alanine* and *aspartine*) derive their  $\alpha$ -amino groups from glutamate. Glutamates are found naturally occurring in many fruits and vegetables, for example tomatoes, as well as many of the meats we consume (animal proteins contain between 11% and 22% of glutamic acid by weight).

**Figure 1:** The structures of glutamic acid.

## Discovery

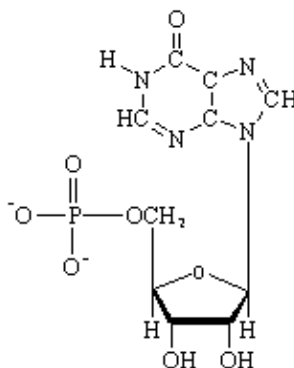

MSG was first discovered at the turn of the 20<sup>th</sup> century in Japan. In 1907, Professor Kikunae of the Tokyo Imperial University first studied the brown crystals left behind after evaporating large amounts of *kombu* broth (an edible kelp), and identified these as glutamic acid. Upon tasting these crystals, he noticed they reminded him of the taste of many foods, especially seaweed. As a result he named the crystals *unami* (savoury). The *Ajinomoto* ("essence of taste") company was formed to manufacture and market MSG in Japan, and it was introduced to the United States in 1947 as *Ac'cent* flavour enhancer.

## Chemical Properties of MSG and Glutamates

- IUPAC name: sodium (2S)-2-amino-5-hydroxy-5-oxo-pentanoate
- Molecular Formula: C<sub>5</sub>H<sub>8</sub>NNaO<sub>4</sub>
- Molecular Mass: 169
- EU food additive code: E621
- It is a white powder with a melting temperature of 225°C and is very soluble in water.

## MSG as a flavour enhancer

As meat ages, the proteins it contains decompose to form a number of other substances, among them MSG and a breakdown product of ATP called inosine monophosphate (IMP) (Figure 2). These two compounds together have a very pronounced meaty flavour, and are the principal components responsible for the taste of meat. Different meats contain MSG and IMP in different amounts, and so have different flavours. For example, the ratio of beef has two times as much MSG as pork (but about the same amount of IMP). Since MSG is much cheaper and more readily available than IMP, it is often added by food manufacturers to bring out the flavour of meat. Surprisingly, mushrooms also contain a large number of proteins which are composed of glutamic acid. This might account for their slightly meaty flavour and the fact that mushrooms are usually served with meat dishes.

**Figure 2:** The structure of inosine monophosphate (IMP).

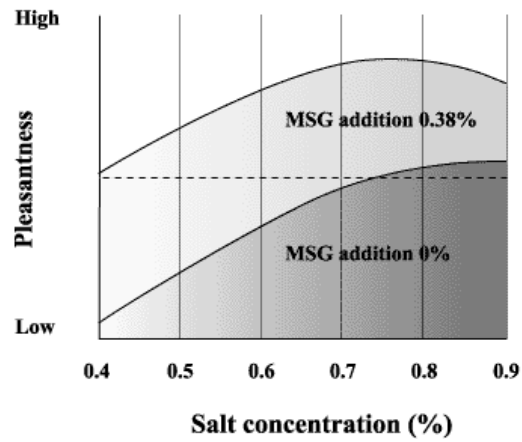

### **The controversy...**

Research has shown that the body uses glutamates as nerve impulse transmitters in the brain, and that every major human organ contains glutamate receptors. They are also linked to memory retrieval. The main worry with glutamates however is that they are absorbed at a very fast rate into blood by the alimentary canal. This can lead to glutamate levels in the blood rising very quickly in a short period of time, and some scientists worry that this may cause irreversible damage to some parts of the human brain, due to overstimulation. It has been shown that high blood glutamate levels have caused neurotoxicity in rodents, however there is a firm debate over whether it has the same effect on humans.

MSG is now produced by the large-scale fermentation of starch and is found in many household foods. Most snack foods and canned foods will usually contain some concentration of MSG. It is also closely linked to Chinese restaurants, and it was once thought that these employed large amounts of MSG in their cooking. The link was so strong that the "symptoms" of MSG consumption were referred to as "chinese restaurant syndrome". Whilst it may have once had a bad reputation and was considered as a potentially dangerous chemical, this incorrect perception of MSG no longer exists, as research tests have obtained results to show otherwise, leading to chinese restaurants taking down their MSG-free food signs.

Large amounts of scientific experiments have been aimed at finding out whether or not MSG is a dangerous chemical, but there has been no significant finding stating that it has harmful effects. However, there are several minor symptoms thought to be associated with MSG, the most common being headaches, nausea and drowsiness. These symptoms are always mild and rarely require medical attention.

In actual fact, MSG is more of a solution than a problem. Using MSG, it is possible to greatly reduce sodium levels in foods (40% less when table salt is replaced with MSG) while at the same time still enjoying the taste. The graph on the right shows that with a small addition of MSG, the pleasantness of a food can be greatly increased. The study evaluated people's responses to different versions of a clear soup, with and without MSG and with different levels of salt. The horizontal line shows the threshold level below which the participants found the soup to be unpalatable (Figure 3). Without the addition of MSG, the soup did not become palatable until the salt concentration reached 0.75%. With MSG, however, the soup was palatable with a salt concentration of only 0.4%. MSG has also been used medically to treat hepatic coma (a condition of severe liver dysfunction which is accompanied by unresponsiveness).

**Figure 3:** A graph of salt concentration vs. pleasantness.

## KNOW THE OCP LIBRARY

At present, OCP library has **8027** books and **760** reference books covering Indian Pharmacopeia, British Pharmacopeia, Pharmacology, Pharmaceutical Engineering, Medical Chemistry Pharmaceutics, Quality Assurance, Forensic Pharmacy, Organic Chemistry, Biotechnology and Management discipline. Library is continuously updated and replenished with latest editions of publications. About 21 professional journals are being subscribed. The library also has collection of 212 educational CD's. Internet facility for students is available during working hours. The library also provides Internet access to the users with Broadband connectivity to desktop computers and Wi-Fi connectivity to tablets. The library also has a collection of books for the M. Pharm courses. Library housekeeping activities are computerized using E-Granthalaya software and it uses bar coded issue/return system for circulation.

Total Number of Books in the Library (B. Pharm.)	6269
Total Number of Titles	1235
Total Number of M. Pharm (Pharmaceutics) Books	635

## CONVOCATION CEREMONY AND ALUMNI MEET 2017

Oriental Education Society's Oriental College of Pharmacy & Oriental Pharma Alumni Association (OPAA) celebrated convocation ceremony and alumni meet on Saturday, 25<sup>th</sup> February 2017. The event was organized by Mr. Amjad Ali, Secretary OPAA, Mr. Imtiyaz Ansari, Core committee member OPAA under the guidance of Dr. (Mrs) Sudha Rathod with the co-ordination and co-operation of faculty members, non teaching staff and Student's Council from 02.00 P.M. to 06:00 PM at OCP auditorium, Sanpada Navi Mumbai.

The event was graced by Chief Guest, **Mr. Atul Bhopale**, Executive Director, Nexgen Pvt. Ltd., Mumbai, Guest of honour, **Mr. Krishnan Iyer**, Director, Sitec Labs, Mumbai, **Dr. Mohib Khan**, Professor Oriental College of Pharmacy and **Dr. (Mrs) Sudha Rathod**, Principal Oriental College of Pharmacy who presided over the convocation ceremony and alumni meet.

Program was started by welcome speech of Mr. Imtiyaz Ansari followed by facilitation of chief guest, guest of honour, Principal and other guests. Principal Dr. (Mrs) Sudha Rathod, addressed the alumni gathering, mentioned the academic developments of the college and requested the alumni to contribute time, money, resources for the college. She also explained the importance of NBA accreditation of college and documents required by alumni for the same. Mr. Imtiyaz Ansari in his speech explained aims and objectives, reports and future plans of OPAA and thanks all alumni and students for spending time and gracing the event with their presence. He also appealed all alumni for their continuous contribution in the development of college.

Mr. Ameesh Shukla and Ms. Sefhali Dubani, Students of OCP introduced chief guest, guest of honour and other dignitaries.

The chief guest, Mr. Atul Bhopale explained audiences regarding importance of pharmacy profession and enlighten the young minds about success and failure in life. He advised the graduating students that, "you should practice what you have been preached, try to remain in core pharma business." The guest of honour, Mr. Krishnan Iyer, mentioned importance and good qualities required by pharma industries and suggested the newly graduates they must stick to pharmacy profession.

Alumni shared their views, experiences and expertise which were very valuable for the current batch students. Mr. Farhan Chugule, Mr. Deepak Pal, Mr. Ali Haider, Ms. Nimesha Patel, Mr. Zohab Shaikh, Mr. Zunaid Momin and Mr. Vijay Veldhi shared their knowledge and views which were informative and interactive. Mr. Kaushik Khuche GPAT topper, Ms. Sulatana Shaikh, Ms. Ashika Advankar and Ms. Bhagyasshree Phadke of batch 2016 shared their views regarding college and teaching and non teaching staffs.

All the students of previous batch were conferred on with B.Pharm degrees (Convocation certificates) by hands of Chief Guest, Mr. Atul Bhopale, Guest of Honour, Mr. Krishnan Iyer, Principal, Dr. (Mrs) Sudha Rathod and other dignitaries. The alumni were presented with the life membership certificates of OPAA. The program concluded by vote of thanks given by Mr. Amjad Ali.

# AVISHKAR

**Title of Project:** Cellscope: Smartphones Imaging For Diagnosis

**Research Students:** Ameesh Shukla, Jincy Valson, Santosh Yadav, Girish Kondalkar, Vidhan Mehta

**Guided By:** Dr. (Mrs.) Sudha Rathod, Mr. Ganesh Deshmukh, Mr. Amjad Ali

The project was presented for Avishkar competition organised by university of Mumbai. The project was highly appreciated by experts and recommended for state level Avishkar competition. Students presented the project for state level Avishkar competition organised at Swami Ramanand Teerth Marathwada University, Nanded, Maharashtra.

## **FACULTY DEVELOPMENT PROGRAMME**

Mr. Amjad Ali (HOD, Assistant Professor, Department of Pharmaceutical Chemistry) and Dr. Sayyed Mateen (Assistant Professor, Department of Pharmacology) attended the faculty development programme held at School of Pharmacy & Technology Management (SPTM), Shirpur dated 3<sup>rd</sup> – 7<sup>th</sup> April, 2017.

**1<sup>st</sup> FACULTY DEVELOPMENT PROGRAM (FDP)**

## **APTI College Coordinators Meet for Mumbai University Regional Unit**

Mumbai University Regional Unit of Maharashtra State Branch of Association of Pharmaceutical Teacher of India (APTI) and Oriental College of Pharmacy, Sanpada, Navi Mumbai jointly organized 1<sup>st</sup> APTI College Coordinators Meet (Session 2017-2020) on 22<sup>nd</sup> April, 2017. The prominent dignitaries like Professor Javed Khan (President, Oriental Education Society and Ex. Education Minister of the state of Maharashtra), Dr. Suresh Ukarande (Dean, Faculty of Technology, Mumbai University) were present as Chief Guest and Guest of Honour, respectively. Dr. Sudha Rathod, the Principal of Oriental College of Pharmacy welcomed all the dignitaries and APTI college coordinators. She assured her services are always available for betterment of pharmacy profession. Dr. Rakesh Somani, Joint Secretary, APTI and Convenor of the meeting discussed the purpose and agenda of the meeting and informed the audience about activities of APTI at state and national level. He threw light on various aspects like issues concerned with University, welfare of profession, duties of APTI College Coordinator and promotion of research aptitude among students. He emphasized that APTI is not union but association which work for betterment of pharmacy profession. The meeting was well attended by as many as 20 representatives out of 25 Pharmacy colleges in the jurisdiction of the University of Mumbai. Prof. Javed Khan gave the key mantra regarding how to become the best teacher. He explained the role of best teacher with respect to students, institution and society at large. He also told that teacher should be always updated in every aspect.

Dr. Suresh Ukarande said that he has communicated problems of pharmacy profession to respective authorities time to time. He assured that he would try to solve all the problems of pharmacy profession as per his best level. Dr. Suresh Ukarande also thanked Prof. Javed Khan for sponsoring and providing the facility to organize APTI regional meet at Oriental College of Pharmacy. Advisory board members Dr. Mohan Kale (Principal, Konkan Gyanpeeth's Rahul Dharkar College of Pharmacy, Karjat) and Dr. Anubha Khale (Principal, H.K College of Pharmacy, Jogeshwari, Mumbai) shared their views. Mr. Amjad Ali (Assistant Professor, Oriental College of Pharmacy) has coordinated the event as host APTI coordinator. Prof. Mohib Khan (Professor, Oriental College of Pharmacy) presented the vote of thanks for APTI coordinators meet. The deliberations in this unique meeting will be conveyed to concerned authorities for the necessary actions to ensure well-being of pharmacy profession.

(From left) Dr. Rakesh Somani, Dr. Dr. Suresh Ukarande, Prof. Javed Khan, Dr. Sudha Rathod, Dr. Mohan Kale and Dr. Anubha Khale.

APTI College Coordinators, Mumbai University Regional Unit.

# INTRODUCTION OF NEW FACULTIES

## Department of Pharmaceutical Chemistry

**Dr. Taj Khan**

### Education:

- **Doctor of Philosophy (Chemistry)** 2011  
University of New South Wales, Sydney, Australia
- **Masters of pharmacy** 2002  
National institute of pharmaceutical education and research (NIPER), Chandigarh
- **Bachelor of Pharmacy** 2000  
University of Pune, India

### Scholarships:

- UIPA (University International Postgraduate Award) for PhD at UNSW
- PRSS (Postgraduate Research Support Scheme) at UNSW during PhD
- GATE (Graduate Aptitude Test in Engineering) fellowship by Govt. of India for masters of pharmacy at NIPER

### Total Work Experience: 10.5 Years (**Academics: 3.5** years; **Industrial: 7** years)

- Currently working as Assistant professor in Department of Pharmaceutical chemistry OCP, Sanpada, since September 2016.
- Worked as Associate Professor at KBHSS Institute of Pharmacy, Malegaon Nasik (2014-2016).
- Worked as Lecturer at PSGVM's Institute of Pharmacy Shahada, MS (2002-2003).
