

## About the college

Oriental Education Society was established in the year 1992 under the dynamic leadership of Late Shri Prof. Javed Khan, a well-known educationist and former Minister of Education, Government of Maharashtra. The objective of the society is to provide quality education for excellence with fine exposure to practical knowledge of industry and business houses. Prof. Javed Khan strongly regards the fact that the base for all development is education and hence the need for setting up a society for educational activities was initiated. The energy and dynamism of youth today, needs to be channelized into productive pathways. All our institutions aim at identifying and harnessing the potential of youths to the greatest heights in areas that provide a competitive edge into the future job market. The aim of our President is to provide professional education to budding young aspiring talents for global opportunities. Each campus and college at Oriental Education Society is a bustling centre for Knowledge, Character and Integrity.

**Oriental College of Pharmacy (OCP)** was founded in 2004 under the aegis of *Oriental Education Society*. It is recognized by All India Council for Technical Education (AICTE), New Delhi and is affiliated to University of Mumbai. Building on its mission and tradition of excellence, the College offers a well-developed and modern curriculum based graduate and post-graduate programs in Pharmacy education.

Currently college is offering full-fledged **B. Pharm**, **M. Pharm** (Pharmaceutics, Quality Assurance, Pharmacology and Pharmacognosy) and PhD course in Pharmaceutics.

The drugs & pharma industry is a multibillion-dollar business. The expected value of pharma industry will be 486.62 USD by 2021. India, seasoned in the basics of medicine making, is now starting to take on a more mainstream role in the global drug industry, as a result of recent strengthening of patent law here and cost pressures on name-brand drug makers in the

West. Pharmaceutical industry and professionals are playing vital role in shaping up our national economy which leads to ever growing demand of pharmacy professionals not only in the country, but even worldwide. Anticipating this demand, the visionary President of “Oriental Education Society”, Late Shri Prof. Javed Khan put the wheels in motion that brought about the existence of OCP.

As a private, independent, co-educational institution, OCP offers to its students a unique opportunity to integrate theoretical and applied knowledge in the health professions; so that graduates become enlightened thinkers as well as competent practitioners. The College’s state-of-the-art laboratories along with the highly experienced and recognized faculty provide valuable hands-on learning and technical skills for the students. Located in the heart of Navi Mumbai at Sanpada within walking distance from Sanpada railway station and spread over a three-acre campus, OCP can provide students with resources unmatched by any other institution, thus creating a highly stimulating and inspiring environment for learning.

The college provides an excellent environment for learning and development of the students. It believes in an open culture where the student-teacher distance is minimum which allows for maximum student -teacher interaction resulting in long knowledge sharing sessions within the college premises. It does not believe in the knock and enter policy. All the facilities of the college are accessible to the students during the college hours. All the faculty members are young, energetic, enthusiastic and always ready to share their knowledge.

Every student is provided with a mentor for identifying one’s personality, strengths, weaknesses and helping the individuals in their overall development. The mentors have the responsibility of ensuring that each of their students excel in academics as well as extra-curricular activities.

The college strongly believes that the real development of students can be achieved when they succeed in their professional as well as their personal lives. The college organizes various scientific seminars and workshops for the students to boost their professional skills.

(57) Abstract :

Title: MINOXIDIL AND CASTOR OIL NANOEMULGEL FOR ALOPECIA Abstract: The present invention relates to a pharmaceutical composition comprising a combination of two active ingredients minoxidil and castor oil for treating various dermatological conditions by administering the composition in topical form, particularly in the topical treatment (regrowth) of androgenic alopecia in males and females and stabilization of hair loss in patients with androgenic alopecia. Further the invention provides castor oil emulgel comprising 10 to 30 % castor oil as active ingredient for treating alopecia and the composition has achieved i) increase in density of hair ii) increase in diameter of hair and iii) increase in length / height of hair. The invention also provides novel processes to prepare above emulgel compositions to contain w/o/w emulsion. The emulgel compositions of the invention are also nanoemulgels.

#### 9.8. Yoge Appreciation Program

As per the directives of University Grants Commission (UGC) and the Ministry of AYUSH, GOI, Oriental College of Pharmacy conducted a **Yoga Appreciation Program** (4 days) between 21<sup>st</sup> June 2021 and 24<sup>th</sup> June 2021 for its teaching faculty and non-teaching staff. The program was conducted following the current COVID-19 norms.

Our principal Dr. Sudha Rathod madam, who has a Diploma in Yoga and is an active Yoga practitioner since last 25 years, was the resource person. Madam demonstrated the various *asanas* to the attendees and asked them to perform the same under her guidance. She was assisted by Dr. Mateen Sayyed to monitor and ensure that the attendees were able to practice these *asanas*. She also explained the health benefits of each of these exercises and gave an overall explanation how Yoga benefits holistic wellbeing. At the end of this official program each member was asked to continue this practice at home every day.

Along with the staff the students of OCP, were encouraged to practice yoga. Following the UGC slogan of “Be with Yoga, Be at Home” the students with their family members were asked to perform yoga at their residence and send in pictures of the same. The students enthusiastically performed the same and shared their pictures.

Thus, awareness was created amongst all the staff and students of OCP regarding the benefits of practicing yoga regularly and a promise was made to follow this in the future.
