Subject: Curriculum Feedback and Proposed Enhancements

Dear Sir / Madam

I trust this message finds you well. We have recently received valuable feedback from stakeholders regarding the current curriculum, and I would like to address and propose solution for the highlighted areas.

1. Availability of Textbooks: One recurring concern raised by stakeholders is the limited availability of textbooks mentioned in the syllabus. To mitigate this issue, we are actively exploring alternative resources and will make appropriate recommendations for readily accessible materials. Our aim is to ensure that students have convenient access to the required literature.
2. Inclusion of Value-Added Courses: In response to student suggestions, we are considering the incorporation of value-added courses within the curriculum. These courses, deemed mandatory for all students, aim to address specific needs and enhance the overall educational experience. We believe this addition will contribute to a more comprehensive and well-rounded academic programs

We are committed to continually improving our curriculum based on constructive feedback, and your input is invaluable in this process. If you have any further suggestions or concerns, please feel free to share them with us.

Thanking you for dedication to enhancing our educational offerings.

Best Regards

Dr. (Mrs.) Sudha Rathod
