QIP FOR NON-TEACHING LABORATORY STAFF

ORIENTAL EDUCATION SOCIETY'S
ORIENTAL COLLEGE OF PHARMACY
Approved by AICTE, PCI, D.T.E., Affiliated to University of Mumbai & Certified by ISO 9001:2008

13th June 2023

Circular

Oriental College of Pharmacy is organizing Laboratory Staff Quality Improvement Program from 15th – 17th June 2023.

Laboratory Staff attendance is compulsory.

All trainers are informed to submit hard copy as a report and powerpoint presentation (if conducted) of their respective sessions to the Programme Co-ordinator before 30th June 2023.

Following is the schedule:

Sr. No.	Dates of Training	Time	Topics	Names of Trainers
1.	15 th June 2023	10.00 am	Precautions to be taken in Laboratory	Ms. Hemali Savla
2.	15 th June 2023	11.00 am	Operation & Safety Measures of 8 station Rotary Press	Mrs. Varsha Patil
3.	15 th June 2023	2.00 pm	Animal Care & Animal Handling	Dr. Sayyed Mateen
4.	16 th June 2023	10.00 am	Laboratory Documentation	Mr. Melroy D'Sa
5.	16 th June 2023	11.00 am	HPTLC Basics, Analytical Instrument Handling	Dr. Vandana Jain
6.	16 th June 2023	2.00 pm	Chemical Handling & Chemical Storage	Mr. Pawankumar Chopade
7.	17 th June 2023	2.00 pm	Extraction Procedure & Analysis of Drugs	Dr. Mohib Khan

**QIP (Quality Improvement Programme)
For Non-Teaching Laboratory Staff
15th June 2023
Topic: "Handling and Maintenance of Rotary Press Machine"**

REPORT

A Quality improvement Programme (QIP) was conducted for Non-teaching laboratory staff at Oriental College of Pharmacy in the Industrial Pharmacy Laboratory on 15th June 2023 at 11.00 am.

The laboratory staff was given an introduction to the role of the machine in making of a tablet and its importance in producing a good quality tablet. A live demonstration of its operation was given by lab assistant Safiya, under the guidance of Mrs Varsha Patil. The staff was also instructed on the safety precautions to be taken while operating the equipment and its regular preventive maintenance. The members participated enthusiastically in the workshop.

**QIP (Quality Improvement Programme)
For Non-Teaching Laboratory Staff
17th June 2023
Topic: “Chemical Handling and chemical Storage”**

REPORT

A Quality improvement Programme (QIP) was conducted for Non-teaching laboratory staff at Oriental College of Pharmacy (M. Pharm classroom 206, time: 11 AM to 12 PM) for “Chemical Handling and chemical Storage ”.

Non-teaching laboratory staff are guided on certain points like precautions are taken and safety procedures are to be followed to avert any untoward incident. The toxic and hazardous chemicals are stored separately and in well covered storage shed to protect them from direct sunlight. First aid box is available in the stores and all the labs. The storage stock level of highly hazardous chemicals is maintained minimum to keep the hazard level low.

A power point presentation was made for this purpose. The presentation included information about various ways & tips for Handling and storage of chemicals and reagents with diagrammatic presentation. Guidelines for storage of chemicals shared in today's interactive learning session. The presentation concluded with discussions /suggestions and question and answer session.

NON-TEACHING STAFF QUALITY IMPROVEMENT PROGRAM (QIP)

Scheduled on Saturday 17th June 2023

Time: 10:00 a.m. to 11:00 a.m.

Topic: Laboratory Documentation

Name of the trainer: Mr. Melroy Mervyn D'Sa

Summary:

Quality improvement program was conducted for the non-teaching staff on Wednesday 17th June 2023, from 10:00 a.m. to 11:00 a.m. on the topic Laboratory Documentation. The session was conducted by Mr. Melroy Mervyn D'Sa, Assistant Professor (Department of Pharmaceutics). The session started with what is documentation, the importance of laboratory documentation. Highlights of the presentation were on how documentation is an important aspect to certain regulatory bodies such as NBA, NAAC, PCI and LIC. The presentation also covered maintaining Good Laboratory Practices (GLP) to be followed in the laboratory, various documents its maintenance and retrieval, logbook maintenance, Standard Operating Procedure (SOP) (creation, approval and revision), material requirements and requisitions in the laboratory, stock checking and keeping three standard journals as reference journals of every class in a given academic year. The session concluded on a discussion with the non-teaching staff followed by clicking pictures.

WORKSHOP REPORT

Topic: Life Skills and Employability Program

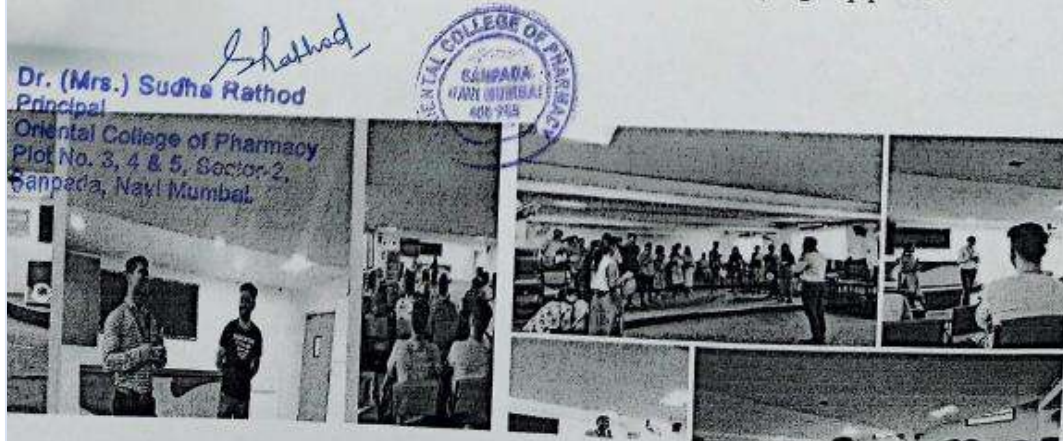

The Placement Cell of Oriental College of Pharmacy had conducted "Barclays 3 day Life Skills and Employability Program" in collaboration with GTT foundation for Final Year B. Pharm students from 1st January to 2nd February, 2023 in the seminar hall.

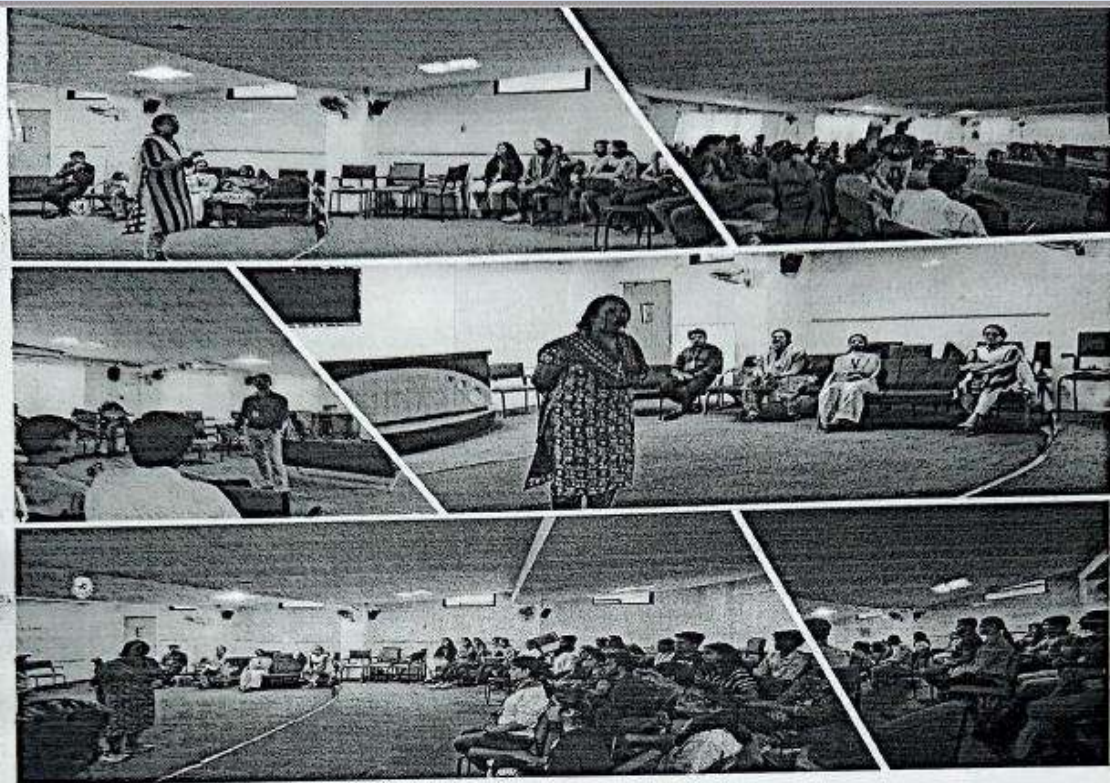

On the first day, students learned about interview etiquettes. Fun activities were performed by forming teams for the better comprehension of the significance of interaction and healthy communication amongst team members.

On the second day, students learned about the various key elements necessary to be considered when drafting a résumé. Copious points were discussed with respect to 'Do's and Don'ts' of Resume Writing. In the later session, students explored the execution of teamwork through two enjoyable and insightful activities. These activities helped the students understand how each team member's performance contributes to a successful result.

On day three, optimum ways of responding to challenging interview questions were discussed. A brief round of mock interviews and a practice public speaking exercise was conducted. Students participated in enjoyable activities to better understand how teamwork functions during the second half of the lesson. Students were also enlightened about how the first impression always matters during an interview and how they must present themselves. Few knacks and lessons to tackle tricky questions during an interview were shared with the aid of activities followed by group discussion and active interaction. The lesson learned from this exercise was that in order to achieve the desired outcome, each team member had to uphold their duties and responsibilities.

A valedictory event was held at the end of the day, Principal Madam, Dr. Mrs. Sudha Rathod, and Dr. Vandana Jain, the coordinator of the Placement Cell, delivered inspirational speeches which further waived off the fear of appearing for interview from the minds of the students. A vote of thanks from the organizing staff brought the program to a close followed by a group picture.

REPORT

ORIENTAL COLLEGE OF PHARMACY

Sanpada (W), Navi Mumbai -400 705

“Concept of Medicinal Chemistry and Analytical Techniques”

Oriental College of Pharmacy, Sanpada, Navi Mumbai has organized one day seminar on **“Concept of Medicinal Chemistry and Analytical Techniques”** on Saturday, 20th January 2023. Dr. (Mrs.) Sudha Rathod, Convener & Principal of OCP, Sanpada, welcomed all dignitaries, guests & delegates. In her address, she gave an insight into how to plan career and move ahead. Students should first aim at becoming good human beings & think and act positively. She shared her experience of learning the chemistry subject & also shared tips & tricks to learn the structures. She explained her expectations from UG & PG students & encouraged the students to develop critical thinking & professional attributes.

Dr. Neenu Ganesh and Dr. Lata Rani, Department of Pharmaceutical Chemistry welcomed speaker, faculties & students of college. In his introductory speech he explained that this seminar would provide a platform for interactions between students and experts, in drug metabolism & basic concepts on Acids and Bases, PH and pKa Value and many more different approaches applications in pharmaceuticals.

The seminar had overwhelming response & total 148 graduate and post graduate students from OCP college attended this highly successful event.

The seminar included eminent speakers from USA who delivered talk on **“Concept of Medicinal Chemistry and Analytical Techniques”**. Dr. Hitesh Kumar Agarwal, Associate Professor, Pharmaceutical Chemistry, South University, Savannah Georgia, spoke on “basic concepts on Acids and Bases, PH and pKa Value” & “different approaches applications in pharmaceuticals”.

Seminar was successfully organized with co-ordination of Ms Jhilika Singh, Dr. Amjad Ali, Dr. Neenu Ganesh, Dr. Lata Rani, Mr. Abhijit Kanavaj, Mr. Shoaib Ansari, Mr. Vijay Ikale, Ms. Swarnai Manick and Mr. Pawan Chopde.

Program concluded with vote of thanks given by Dr. Amjad Ali.

SEMINAR REPORT.

Topic: SAS & related Job Opportunities in the Pharma Industry.

The Placement Cell of Oriental College of Pharmacy, Sanpada, Navi Mumbai had organized a seminar on, 'SAS and related Job Opportunities in Pharma industry' on 14th January, 2023 from 2.00 P.M. to 4.00 P.M. The session was held for the Final Year B. Pharm students, First and Second Year M. Pharm students in the seminar hall. Mrs. Anagha Bhatkande was invited as the guest speaker for the day.

The concomitant Technical team of The Placement Cell came up with an official flyer and invite on 12th January, 2023. Students had avidly partaken in the seminar.

Student Members of the Placement Cell, Ms. Isha Sharma and Mr. Shivam Gupta were anchors for the session. At 2.00 PM sharp, the seminar commenced as the hosts welcomed everyone. The hosts greeted the proficient speaker Mrs. Anagha Bhatkande ma'am, Director of Statistical Programming at IQVIA, Mumbai. Further extending welcome to Honorable Principal - Dr. Mrs. Sudha Rathod ma'am, Placement Cell In charge - Dr. Mrs. Vandana Jain ma'am, Event coordinator - Dr. Mrs. Manasi Gholkar ma'am, Faculty Members and the assemblage. The hosts gave a brief introduction of the speaker - Mrs. Anagha Bhatkande.

Mrs. Anagha Bhatkande ma'am began her oration by introducing SAS, its overview for better understanding of the seminars' objective, its certification process, and the job opportunities. She then discussed its use in clinical trials. She swiftly touched upon the several stages of clinical trials and the data flow during clinical trials after that. She continued by discussing integration, standards, primary and secondary data sources, and the acquisition of demographic data. She then provided examples using some SAS graphs. She continued by describing how SAS can be used to handle and store enormous amounts of data while gathering patient history.

She further elaborated on tools of the software used for data transformation, analysis, and transfer. She then spoke in detail on the advantages, applications, and limitations of SAS. She then discussed how people are switching to R because it provides results similar to those of SAS but doesn't require a license. She then described each component as she gave us a presentation of how SAS appears. She continued by outlining the two key steps: 1. Data step & 2. PROC step. She also gave an overview of the many SAS certifications available online and the hiring criteria that vary as per company. She enlisted several jobs in the Pharma Industry and how SAS evolves over a period of time. With an engaging Q&A session with the attendees, she concluded her presentation.

Dr. Mrs. Vandana Jain ma'am presented the guest a Certificate of Appreciation as a token of

Seminar Report

Topic: Pedagogical Approach In Education

The Placement Cell of Oriental College of Pharmacy, Navi Mumbai had organized a seminar on, 'Pedagogical Approach in Education' on 7th December, 2022 from 11.00 A.M to 2.00 P.M. The session was held for the Faculty at Ocp in Final Year classroom (403) and Dr. Vithoba Sawant, Prof. Pooja Tiwari and Prof. Kinkini Dutta were invited as guest speakers.

The technical team of the placement Cell came up with an official flier and invite. Faculty at ocp had actively participated in the seminar.

At 11.00 am sharp, Ms. Pooja Gawade and Ms. Khushi Gupta, the hosts for the session welcomed Principal Dr. Mrs. Sudha Rathod ma'am, Our Vice principal and event coordinator Dr. Mohib Khan sir, the Placement Cell Incharge, Dr. Mrs. Vandana Jain ma'am, and the speakers for the session, Dr. Vithoba Sawant, Prof. Pooja Tiwari and Prof. Kinkini Dutta and the faculty members.

"Pedagogy is not about training, it is about critically educating people to be self reflective, capable of critically addressing their relationship with others and with the larger world. Pedagogy in this sense provides not only important critical and intellectual competencies; it also enables people to intervene critically in the world." ~ Henry Giroux. Pedagogy, most commonly understood as the approach to teaching, is the theory and practice of learning, and how this process influences, and is influenced by, the social, political and psychological development of learners. First Dr. Vithoba Sawant briefed about explanation skill creative learning in which he talked about how Cooperative learning is an activity which helps students to work in groups and how it enables them to learn and teach group members. Also, the success of each member depends on the group's success. He then proceeded to further explain his topic with the help of a puppet show. He divided the teachers into groups of four and asked them to answer a few questions, with one of the group members to present the answer. Further he briefed about the importance of 2 way communication. Next, Prof. Pooja Tiwari provided us with some enlightening information about the role of stimulus variation skill technology in learning. She discussed how Google Classroom and other online platforms can be used to teach while keeping students' attention spans intact. She also talked about how the teacher should be aware of the students' conditions in class, as it is critical to make teaching and learning effective. The procedure is entertaining. The teacher should use stimulus variation that is appropriate for the students to get their attention. The teacher should be aware that providing the same stimulus at every meeting bores students. As a result, the teacher should incorporate some variety into the teaching and learning process. She goes on to explain that there are five components of the stimulus variation used by teachers, namely teacher movement, attentional behavior, changes in speech patterns, changes in interactions, and changes in sensory channels. Researchers directly observe classroom interactions to learn more about the components used by teachers in schools. Based on the results, it can be concluded that all components of the stimulus variation are used in the teaching and learning process. Prof. Kinkini Dutta largely focused on Education innovation which is not a specific term

Dr. (Mrs.) Sudha Rathod
Principal
Oriental College of Pharmacy
Plot No. 3, 4 & 5, Sector-2,
Vandrapada, Navi Mumbai

with predefined definitions. The spirit of innovation education is an openness to seeing problems through fresh eyes and addressing them in novel ways. It acknowledges that we do not have all of the answers and that we are open to exploring new approaches to improve, such as methods of knowledge transfer with innovative teaching strategies.

The session was formally concluded with a vote of thanks speech presented by Ms. Pooja Gawade. Greetings were exchanged & a wonderful impact was engraved in the minds of all the attendees.

Dr. (Mrs.) Sudha Rathod
Principal
O.P.J.S. College of Pharmacy

INTRODUCTION

This Seminar highlights the global needs of drug development, research strategies, use of animals in research and the latest development in preclinical and Clinical Research.

Target Audience- Faculty, M. Pharm Students, 4th year Students and Persons form industry

SPEAKER-1

Dr. Vishnu N. Thakare
Founder Director, Pharmacologist & Toxicologist, SCITESLA Pvt. Ltd.
Navi Mumbai

Topic: Preclinical Research- Present and Future Perspectives

SPEAKER-2

Dr. Ramnath R L
Associate Research Director & Group Leader
Laboratory Animal Research Services, Reliance Life Sciences, Navi-Mumbai

Topic: Selecting Animal Models During Drug Discovery

SPEAKER-3

Mrs. Shweta Joshi
Deputy Training Manager, Hexaware Technologies, Mumbai.

Topic: Clinical Research:

PROGRAMME OBJECTIVES

The participants will be able to know about Pharmacological research like

- Basics & advances of Clinical research & Preclinical research & how it helps in new drug development
- Carrier opportunities in clinical research
- Motivate the participants to explore in detail about the research and rekindle in them scientific thinking.

PROGRAM SCHEDULE

- Welcome speech : 10:00 AM
- Session 1 : 10:15-11:15 AM
- Interaction: : 11:15-11:30 AM
- Session 2 : 11:30-12:30 AM
- Interaction : 12:30-12:45 PM
- Lunch Break : 12:45-1:15 PM
- Session 3 : 1:15-2:15 PM
- Vote of Thanks

One Day Seminar and Interaction with Experts

on

"Pharmacological Research: Present & Future Perspectives"

Held on 8th October 2022 at 10:00 am – 3:00 pm.

Department of Pharmacology, Oriental College of Pharmacy conducted **One Day Seminar and Interaction with Experts** on, "**Pharmacological Research: Present & Future Perspectives**" on **8th October 2022**.

The Resource persons were the renowned scientists,

Dr. Vishnu N. Thakare, Founder Director, Pharmacologist & Toxicologist, SCITESLA Pvt Ltd. Navi Mumbai,

Dr. Ramnath R. L. Associate Director & Group Leader, Laboratory Animal Research Services, Reliance Life Sciences, Navi-Mumbai

And **Mrs. Shweta Joshi**, Deputy Training Manager, Hexaware Technologies, Mumbai.

Dr. Vishnu N. Thakre explained the basics of animal research and future prospective of modern drug discovery. He also discussed toxicological evaluation of drugs in animals.

Dr. Ramnath R. L. explained about the modern tools used in animal studies. Different animal models for research of newer drug molecules in cancer and other disorders. He also shown the video clip of modern animal house and use of advanced software's in animal research.

Mrs. Shweta Joshi discussed the different phases of clinical research in detail. She also gave insight of advancement in clinical research and the opportunities available for M. Pharm students in different areas of clinical research.

Principal Dr. (Mrs.) Sudha Rathod was the convener of the program,

Dr. Sayyed Mateen co-ordinated the programme with the help of organizing committee members Mr. Binith Raj Singh, Ms. Sanie Zehara, Ms. Bharti Gawade and Ms. Sana Shaikh.

Dr. (Mrs.) Sudha Rathod
Principal
Oriental College of Pharmacy
Plot No. 3, 4 & 5, Sector-2,

SEMINAR REPORT

Topic - Enhance Your Career and Employability quotient

The Placement Cell of Oriental College of Pharmacy, Navi Mumbai had organized a seminar on, 'Enhance your Career and Employability quotient' in collaboration with ICFAI BUSSINESS SCHOOL (IBS) on 30th August, 2022 from 1.00 P.M to 2.00 P.M. The session was held for Final Year B. Pharm students in Final Year classroom (403) and Dr. Arijit Bhattacharya was invited as the guest speaker for the session.

The creative team of the Entrepreneurship Cell came up with official flyer and invite on 29th August, 2022. Students from Final Year B. Pharm had actively participated in the seminar.

At 1.00 pm sharp, Ms. Tejashri Gunjal, Student Member of The Placement Cell and the host for the session welcomed Principal - Dr. Mrs. Sudha Rathod ma'am, Placement Cell Incharge - Dr. Mrs. Vandana Jain ma'am, speaker for the session - Dr. Mr. Arijit Bhattacharya sir, faculty members - Bharati Gawade ma'am & Vijay Ikale sir & target audience - final year students.

The session commenced by providing a brief introduction about Dr. Arijit Bhattacharya sir by the host. The host mentioned that Dr. Arijit Bhattacharya sir is an industry adept & PhD in management by training. It was also communicated that the speaker - sir is an avid researcher, presenter of numerous research papers and case studies in management conferences. This was entailed by handing over the center-stage to the speaker, respected - Dr. Arijit Bhattacharya sir.

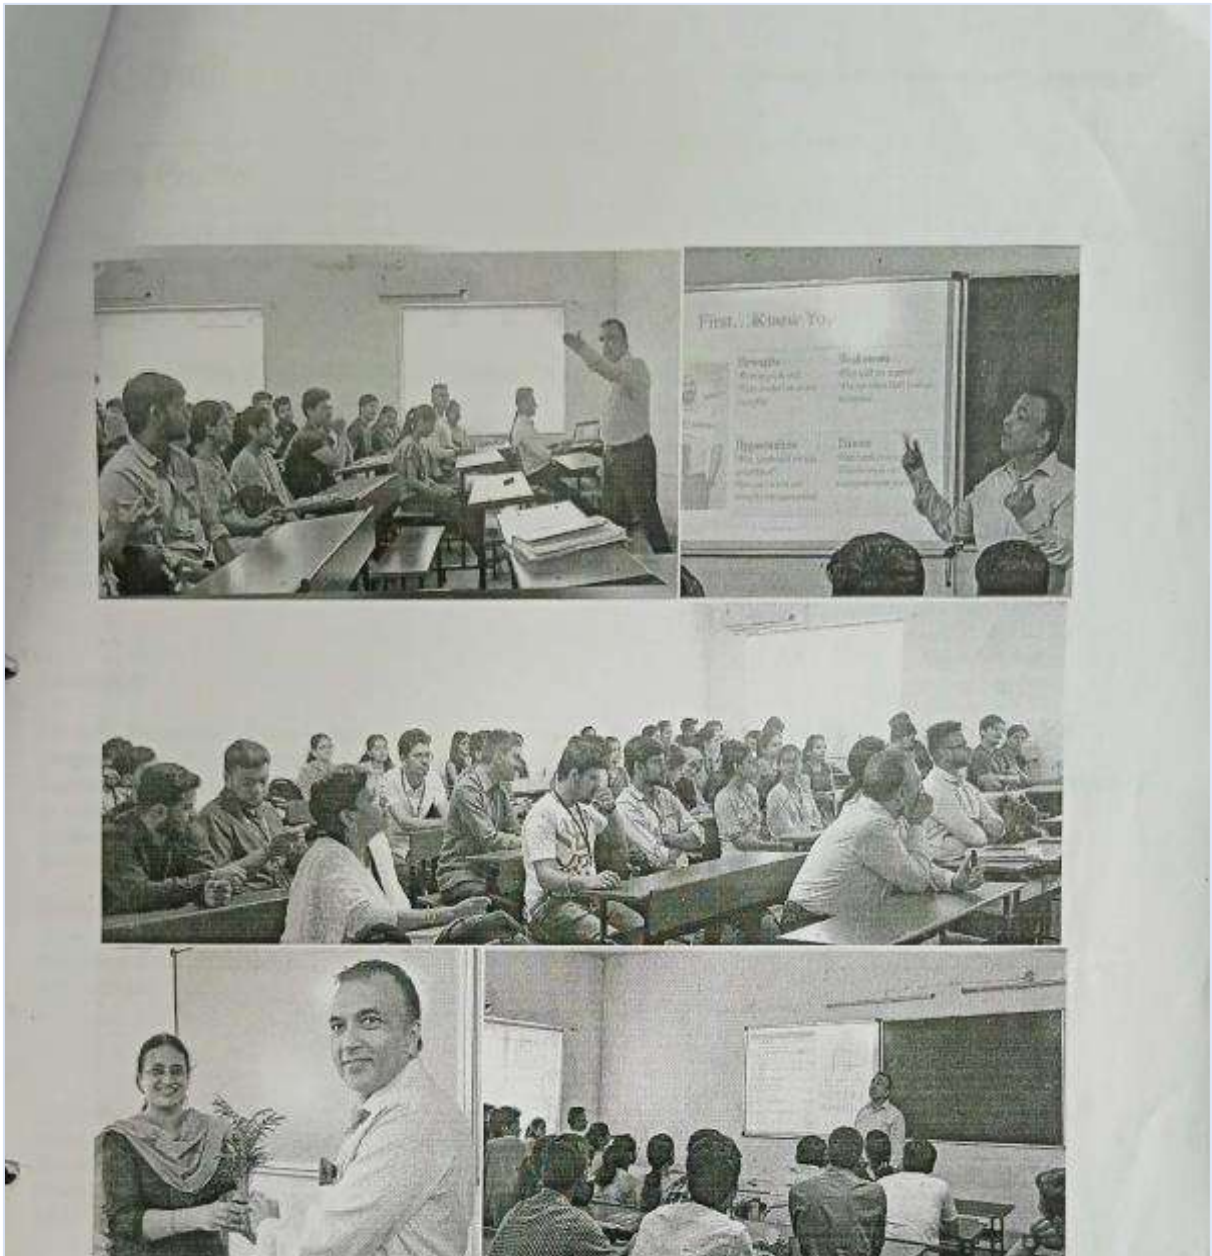

He took off his exclusive lecture by asking the students about their future plans after completing the four-year degree course of B. Pharmacy. Some students shared their future plans, but were skeptical about achieving them. To clear their doubts, sir asked them to enlist qualities and characteristics that they think are highly significant in making a successful career in their future endeavours. In an instant many attendees spoke about different qualities and characteristics. Students were happy to see almost all the qualities they mentioned were included in the PowerPoint slides presented by sir. To make the topic even more clear to the young skeptical minds, sir, made students think of 'all the qualities they have' versus 'all the qualities they need / require to inculcate'. This compare & contrast methodology created self awareness among students & motivated them to imbibe all the lacking qualities which are necessary for the job they wish to seek. In the PowerPoint presentation slides, further were displayed examples of common people who made it to the top inspite of all the hardships they faced, be it financial or physical. Illustrations of dignified leaders, CEOs, actors were shown & students were made to think like them & absorb required qualities from them.

"The overall session was fruitful & interactive through out & worth our time" added a final year student. The session proceeded towards close, as sir welcomed questions from

students. He answered all the queries relating to questions asked in interviews, how an interviewer evaluates the interviewee, how to communicate effectively & confidently,...

Our Placement cell incharge - Dr. Mrs. Vandana Jain ma'am felicitated the speaker from IBS ICFAI business school, Dr. Arijit Bhattacharya sir with a sapling as a token of thanks. The session was formally concluded with a vote of thanks speech presented by Ms. Tejsashri Gunjal. Greetings were exchanged & a wonderful impact was engraved in minds of all the attendees.

Report on Life Skills Training Program

12th -15th July 2022

The Placement Cell of Oriental College of Pharmacy organized 4-days workshop for Final Year B. Pharm students on '**Personality Development/Employability Skills development program**' from 12th-15th July 2022 from 9.30 am-4.30 pm. The training program was based on Barclays 'Life Skill' program in collaboration with Rubicon.

Glimpses of Day 1

At 9.30 am sharp, Dr. Vandana Jain, Placement Cell In-charge of OCP and the host for the workshop welcomed the speaker Mr. Atul Shinde and all the attendees. Dr. Vandana Jain introduced the speaker to the attendees. This was entailed by handing over the center-stage to the speaker Mr. Atul Shinde.

Mr. Atul Shinde shared that Life Skills are essential for a blissful life. He shared the various dimensions of Life Skills, including Communication Skills, Presentation Skills, Organizational structure, etc. He urged the youth to Learn to Appreciate and Make it a Habit. He also interacted with the students in the session about various dimensions of Life Skills. He also explained about email writing skills and grooming etiquette.

Glimpses of Day 2

Self-realization is must in today's scenario. A person has to be aware of his/her strengths and weakness. On day 2, Mr. Atul Shinde explained the importance of self-realization. He asked each student about his/her strengths and how to improve them. The students performed various activities which helped them to know their strengths and areas of improvement. He also dealt with Stage fear. Mr. Atul Shinde organized various activities for the students to overcome the stage fear which really helped them a lot. He also discussed about Resume writing and various aspects of resume format.

Glimpses of Day 3

Communication and Confidence play an important role in shaping an individual's life, personal as well as professional. On day 3, Group discussion activity was carried out. The speaker divided the students into groups and gave them a topic. Each student shared their views and opinions on the given subject. This helped the students to communicate and to put their views confidently. The speaker also explained about the Goal setting techniques and Time management.

Glimpses of Day 4

Day 4 was focussed on Interview Skills. The speaker conducted a mock interview for the students to give them first- hand experience of actual interview process. After the interview session, Mr. Atul Shinde explained about do's and don'ts of the interview. He covered the important questions generally asked in a Job interview, challenging or tough questions and ways to handle them. Further, he highlighted common errors people make during interviews. At the end of the workshop a valedictory function was held where Dr. Sudha Rathod, Principal of Oriental College of Pharmacy delivered an inspiring speech for the students. She further

felicitated the speaker for the 4 days workshop, Mr. Atul Shinde. The speaker also shared his views and feedback of the workshop.

Dr. Vandana Jain, the Placement Cell In-charge, concluded the workshop by delivering the vote of thanks and acknowledging all the attendees and the guest speaker to have graced the event. The workshop overall was a great success. The students were highly optimistic at the end of the session and were delighted with this remarkable experience.

Setting Your Professional Goals: A Scientific Approach 12th April 2022

Career guidance and Entrepreneurship cell of Oriental College of Pharmacy, Sanpada in association with Plat Pharm Organization has organized a seminar on the topic "Setting your professional goals: A scientific approach" on 12th April 2022, Tuesday for Final year B Pharm and M.Pharm students.

PlatPharm is a first-of-its-kind forum specially designed for the Pharmacy students to connect with experienced professionals from the industry and the academia. It is founded and guided by pharma professionals who have been in the thick of the Indian pharmaceutical industry for 3 to 5 decades. Being pharmacy professionals themselves, they understand the practical needs of the industry and aim to nurture the talent of the students through PlatPharm.

The speakers for the seminar were Ms Geetha Srinivasan, Founder- PlatPharm and Ms. Lakshmi Ananthanarayanan, Co-Founder -PlatPharm. Ms. Geeta is a brand management and strategy formulation expert who works as an advisor on marketing strategies to Indian as well as international healthcare companies. Ms. Lakshmi is also an experienced Market Research Professional who is working as an independent Market Research consultant.

Ms. Geeta began the seminar by interacting with the students on their career choices. She enquired about the number of students opting for higher studies, seeking job opportunities and students still in dilemma about their career paths. She familiarized the audience with the current job scenario and market statistics. Ms. Lakshmi acquainted the students with the services and opportunities that PlatPharm offers. The seminar was concluded with question & answer session and a vote of thanks.

REPORT

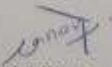

The Government of India under its 'Azadi ka Amrit Mohatsav' has initiated a program to create awareness about Intellectual Property Right amongst the students of various courses. It has developed the National Intellectual Property Awareness Mission (NIPAM) through which it aims to fulfill this goal. Under the current mission Oriental College of Pharmacy approached the Intellectual Property Rights Office in Mumbai and arranged a talk on the said subject.

The talk was organized by Mr. Abhijit Kanavaje, Associate Cultural In-charge and was held on 12th April 2022 between 12.30pm to 1.30pm in the Seminar Hall. At the outset our principal Dr. (Mrs.) Sudha Rathod gave a keynote address which was followed by the talk on 'Intellectual Property Rights'. The speaker, Dr (Ms.) Latika Dawara, Assistant Controller of Patent & Design, IPO Mumbai delivered the talk. She spoke about the different types of Intellectual Properties, what is entitled for protection and what is excluded. She also spoke in depth about Patents and the different types of patent applications. Subsequently she explained the time lines for the different types of applications and the advantages of these individual applications. The talk was followed by a Question- Answer session during which the doubts asked by the audience were answered. The session definitely helped in enlightening the students and faculty in regards to Intellectual Property Rights.

The session ended with the Vote of Thanks being proposed by Dr. (Mrs.) Manasi Gholkar, In-charge, Cultural Committee, OCP

WEBINAR REPORT- GOVERNMENT JOB OPPORTUNITIES AFTER B.PHARM

The Career Guidance and Entrepreneurship cell of Oriental College of Pharmacy, Navi Mumbai has organized webinar on, "Government Job Opportunities after Pharm" on Zoom Cloud Live on 29th January, 2022 from 2.00 P.M to 3.30 P.M. The session was held for the pharmacy graduates and Dr. Anand Shedge was invited as the guest speaker for the day.

The creative team of the Entrepreneurship cell came up with official flyer and invite on January 27, which were circulated throughout the colleges of University of Mumbai and to other college across the country. More than 240 participants various pharmacy colleges had actively participated in the webinar.

The session started with the welcome of all the delegates by Principal and Convener, Dr. Sudha Rathod and Dr. Vandana Jain, (Coordinator, Career guidance and Entrepreneurship cell). Principal Dr. Sudha Rathod Madam also acknowledged the good work done by the placement team and Career guidance team members of OCP. The hosts of the event, introduced the expert speaker Dr. Anand Shedge, Head of MET Institute (Mumbai), Vice president of IPA-MSB-SF and mentor of IPA-MSB-SF, and put light on his work experience. This was entailed by handing over the center-stage to the speaker Dr. Anand Shedge.

He took off his exclusive lecture by briefing about government job opportunities after B. Pharm. He provided information about various pharmacy courses. He gave a glance about the hard skills and Soft skills that one should acquire in today's workforce. He explained the attendees about job opportunities in pharmacy, viz. Quality assurance, Community pharmacy, Hospital and Clinical pharmacy, R&D, Sales and Marketing, Quality control and many more. He also briefed about the Government opportunities for a pharmacist such as Government analyst, Forensic scientist, Drug Inspector Govt. of India and State level, Pharmacist in Army, Navy, Air force and Govt. hospitals, CSIR, Food and Drug administration, etc.

He further talked about recruitment of Pharmacist at Bhabha Atomic Research Centre, Tata Memorial hospital, Centre railway, NPM Pune recruitment, KDMC Recruitment, CGHS Mumbai Recruitment, etc. He also highlighted the top Government Education Institutes. Along with that he also briefed the competitive exams viz. UPSC and MPSC and explained about the qualities that one should acquire to attempt these competitive exams as well as its preparation. He also explained about various job opportunities available in Maharashtra State Provision Commission.

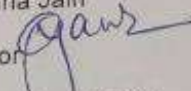

He ended his lecture with the question and answer session with the attendees.

Dr. Vandana Jain, Career Guidance and Entrepreneurship Cell In charge, concluded the webinar by delivering vote of thanks and acknowledging all the attendees and the guest speaker to have graced the event. The session was inarguably a great success owing to the combined efforts of the Career Guidance and Entrepreneurship Cell members under the guidance of their learned teachers.

WEBINAR REPORT - "Career Guidance -Higher studies options after B.Pharm"

The webinar on "Career Guidance -Higher studies options after B.Pharm", was organized by Career Guidance and Entrepreneurship Cell, Oriental College of Pharmacy, on 9th October 2021.

Principal Dr. (Mrs) Sudha Rathod initiated the session with welcome note to the panellist. Panellists were OCP Alumni perusing / pursued higher studies from renowned institutes. (NIPER, ICT, NMIMS).

The session was indeed an eye-opener and motivational session for all the students present. Mr. Kaushik Kuche (M.S.Pharmaceutics, NIPER, Ahmedabad and currently pursuing Ph. D. Pharmaceutics NIPER, Mohali), Mr. Aditya Singh (M.S. (Pharm.) Pharmacology & Toxicology NIPER, Hyderabad and currently pursuing Ph.D. NIPER, Ahmedabad) , Mr. Abhinav Gupta (MBA in Pharmaceutical Management, NMIMS, MUMBAI) and Mr. Burhanuddin Kaglawala (MBA in Pharmaceutical Management, NIPER, Mohali) were invited to address the student. The purpose of the webinar was to offer concise and insightful information on courses that students can consider and to help them acquire the knowledge, information, skills and narrow them down to make career decision.

Mr. Kaushik Kuche addressed that there are myriads of opportunities after B.Pharm . One can opt for job or pursue higher studies in M.S/M.Pharm, MBA or PG Diploma. He also conveyed the history of NIPER up to its today's growth with its importance.

The next panellist, Mr. Aditya Singh shared his views on entrance exams such as GPAT/GATE, NIPER, JEE and how do they differ from each other. Also added note on score system for such examinations and strategies to keep in mind while appearing for the examination. According to him overseas educational options are also good option for research and career.

Mr. Burhanuddin Kagalwala and Mr. Abhinav Gupta provided detail explanation about structure of MBA Pharm which consists of accounts & finance, economics and many other major subjects. The guidance about its subjects, entrance examinations, required ranks as well as the job opportunities after MBA in Pharma and Non-Pharma sector was elaborated by them.

Dr. Mahendra K. Prajapati Sir, (Assistant Professor, Oriental College of Pharmacy) has also added note for post-graduation course option in ICT. And also explained about admission process, examinations, cut off marks.

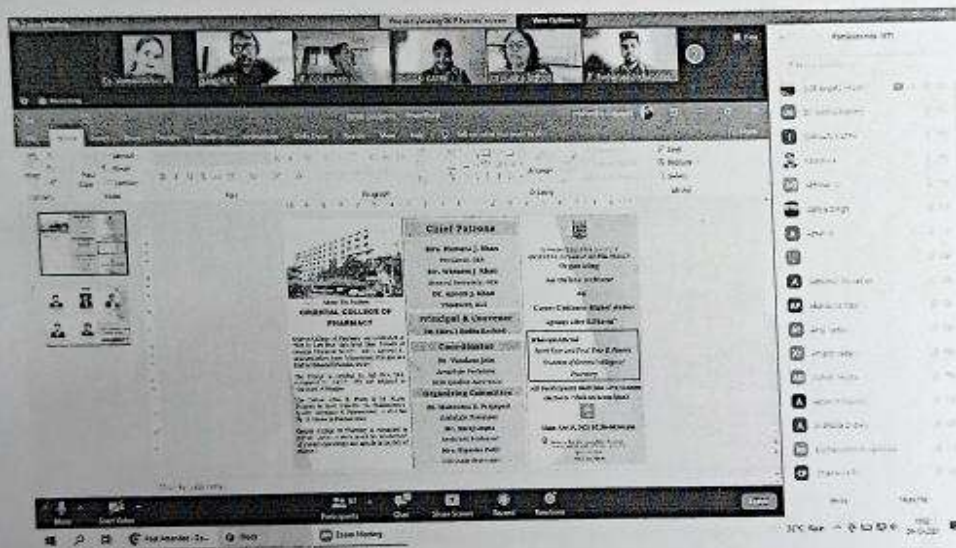

Later, student's queries were been solved by the panellist. The session ended up with a motivational note by giving directions to the future aspirants.

REPORT

World Mental Health Day is celebrated every year on 10th October. Due to the current pandemic situation human mental health is also affected to a greater extent along with the physical deterioration of health seen otherwise amongst the population. Hence to improve our mental health or to overcome the barriers that have curtailed the progress of human mind we had organized an expert talk on the topic **“THE ROLE OF POSITIVE PSYCHOLOGY IN THE PANDEMIC AND AFTER THE PANDEMIC”** through online mode, on 9th October 2021 between 1.30pm to 2.30pm. The talk was delivered by Dr. Atish Taukari, Associate Professor, K J Somaiya College of Arts and Commerce, Mumbai. Sir talked about how mental health is affected by the situation around us and what are the ways by which we can keep our mind calm and progressive. He also spoke about some of the common problem people are facing post lockdown or during the pandemic and how vigilance and counselling can prevent further worsening of the situation. He gave inputs on how we can keep our mind fresh and active by following our hobbies or engaging ourselves in other activities. His talk was followed by an Question and Answer session. The talk ended by vote of thanks proposed by Dr. Manasi Gholkar, the Co-ordinator for the Student Counseling Committee.

About Webinar

Synthetic excipients are versatile class of ingredients being utilized in the design of several pharmaceutical formulations. Coprocessing holds an essential process for appropriate utilization of synthetic excipients leading to a newer class of multifunctional compounds. Excipients can be physically as well as chemically modified to enhance the properties, improve the performance and obtain wide variety of novel characteristics in the formulation of novel drug delivery systems. Conventional excipients are substituted with novel compounds with multifunctional roles such as improvement of the stability and bioavailability of active ingredient, enhancement of patient acceptability and ease of manufacture.

Department of Pharmaceutics of Oriental College of Pharmacy organized State level webinar on 'Modified Excipients: Adding Functionality to Excipients' by Dr. Sameer Padhye, Deputy Manager Technical Services, Arianth Innochem on Saturday, 25th September 2021. The webinar was attended by undergraduate and M. Pharm. students, researchers, faculty and industry professionals. Principal, Dr. Sudha Rathod welcomed the guest speaker and thanked the speaker for sharing his valuable insights and also thanked the Co-ordinator, Dr. Mrs. Pradnya Palekar - Shanbhag, Professor & Head, Pharmaceutics Department and the Organizing Committee for taking an initiative to celebrate World Pharmacists Day thus organizing State level event for the pharmacy fraternity. Regarding the webinar, development of new excipients and their characterization is a costly procedure whereas modification of existing excipients is very easy, more economical and less time consuming. Novel drug delivery systems lead to the need for new excipients with varied properties. Development of excipients capable of fulfilling multifunctional roles such as enhancing drug bioavailability and drug stability as well as controlling the drug release according to the therapeutic need is one of the most important prerequisites for further progress in the design of novel drug delivery systems. The main focus of the webinar was on modified novel excipients that perform multiple functions in pharmaceutical formulations. The Principal, Coordinator and Organizing Committee thanked the Management for their strong support and motivation to organize such successful event.

Approved by AICTE, PCI, D.T.E., Affiliated to University of Mumbai & Certified by ISO 9001:2008

ORGANIZES

ONE DAY NATIONAL WEBINAR ON
'COMPUTER AIDED DRUG DESIGN: AN OVERVIEW'

 **18th September 2021**

 **1:30 pm – 3:00 pm**

Who can Attend?

- Industry Professionals
- Researchers
- Faculty Members
- PG Students
- UG Students

For any Query or more details
Contact: Mr. SURAJ GUPTA
Assistant Professor,
Mob: +91-7230023683
Email: suraj.gupta@ocp.edu.in

SPEAKER:

Prof. Prashant Kharkar is associated with Department of Pharmaceutical Sciences and Technology, Institute of Chemical Technology. He possess vast academic and industrial experience. His research areas include: Design, Synthesis, Biological Evaluation and Preclinical development of New Chemical Entities (NCEs) as Therapeutic Agents; Study of Biofilm-Forming and Quorum-Sensing Inhibitors in Gram-Negative Bacterial Pathogens; Discovery of Potential Antitubercular Agents Targeting MtbGuaB2; Discovery of Novel Cancer Stem Cell (CSC) Inhibitors; Computational Prediction of Toxicity Properties of Small Molecules; Development of Novel Fluorescent Probes for Biomedical Applications. He has several research projects, consultancy projects and international publications to his credentials. He has conducted and attended several conferences, training programmes. He is a recipient of several prestigious awards and travel grants.

Last Date for Registration:
15th September

Social Media:   

Website: www.ocp.edu.in/

About the Webinar:

Drug discovery is a very time consuming and fund draining process. Traditional drug discovery process involves a lot of synthetic and biological work. Computer Aided Drug Design (CADD) helps scientists in minimizing the synthetic and biological testing efforts by focusing only on the most promising compounds. Besides explaining the molecular basis of therapeutic activity, it also predicts possible derivatives that would improve the activity. Thus, Drug discovery and development process is being streamlined using computing power. Traditional experimentation which requires animal and human models can be replaced by CADD, saving both time and cost. CADD also leads to the construction of high-quality datasets and libraries that can be optimized for high molecular diversity or similarity. The main aim of this webinar is to make all attendees acquainted about the basic strategies used in Computer Aided Drug Design. It will also help us to acknowledge the application of CADD in modern drug discovery and development.

About OCP:

Oriental College of Pharmacy was established in 2004 by Late Prof. Shri Javed Khan, Founder of Oriental Education Society and is nurtured by dedicated efforts from Management, Principal and Staff of Oriental Education Society. The College is certified by ISO 9001:2008, recognized by AICTE, PCI and affiliated to University of Mumbai. The College offers B. Pharm. & M. Pharm. Program in three branches viz. Pharmaceutics, Quality Assurance & Pharmacology. It is also a recognized Ph. D. Centre for research in Pharmaceutics. Oriental College of Pharmacy is committed to provide conducive environment for overall academic and extracurricular development of students.

To
The Principal,
Oriental College of Pharmacy,
Sompada, Navi Mumbai.

Subject: Request for permission to conduct one day **National level Webinar** on "**Computer Aided Drug Design: An Overview**", on 18th Sep 2021 and sanctioning of the budget for the same.

Respected Madam,

Department of Pharmaceutical Chemistry is willing to organize a **One day National level Webinar** on "**Computer Aided Drug Design: An Overview**", on 18th Sep 2021. The webinar will be organized on zoom meeting (1:30 pm – 2:30 pm). Resource person finalized is Dr. Prashant Khurke, Professor, Dept of Pharmaceutical Sciences and Technology, Institute of Chemical Technology. Target audience for the webinar would be B Pharm and M Pharm students.

To reduce the expenses of the webinar, an approximate budget has been enclosed herewith. We kindly request you to approve the proposal and the budget.

Thanking you,

Yours Sincerely

Dr. Nutan Rao
Program Coordinator
Associate Professor & HOD
Department of Pharmaceutical Chemistry.

Dept of Pharmaceutical Chemistry, Oriental College of Pharmacy**

National Webinar entitled 'Computer Aided Drug Design: An Overview' was organized by Dept of Pharmaceutical Chemistry, Oriental College of Pharmacy on 18th September 2021. Resource person for the webinar was Dr. Prashant Kharkar, Professor, Institute of Chemical Technology. He explained the basics of computer aided molecular design, the types of CADD and the role of bioinformatics and cheminformatics in modern drug discovery. He also introduced the attendees to cryoelectron microscopy, a powerful tool for understanding the macromolecular structures. Few experiences of his research tenure were also shared by him with reference to his scientific publications in high impact peer reviewed journals. Also the question-answer session was very well structured. Principal Dr. Mrs. Sudha Rathod was the convener, Head of Department; Dr. Nutan Rao co-ordinated the programme with the help of organizing committee members Dr. Amjad Ali, Dr. Harish Kundaikar, Dr. Manasi Gholkar, Mr. Shoab Ansari and Mr. Suraj Gupta.

Speaker

Mr. Ameesh Shukla

Mr. Ameesh Shukla working currently as Sr Executive International Business, Macleods Pharma, an experienced and effective Business development professional, Expert in improving the market and maximizing opportunities for pharma sales growth. He has experience of Sales and Business development operations across MENA market. Deftness in designing and implementing business strategies for accomplishment of Business Turnover. Skills in identifying business opportunities, reviewing and interpreting market conditions for business growth.

About Webinar

Granulation is one of the most important unit operations in the production of pharmaceutical oral dosage forms. Granulation process will improve flow and compression characteristics, reduce segregation, improve content uniformity, and eliminate excessive amounts of fine particles. The results will be improved yield, reduced tablet defects, increased productivity, and reduced down time. Pharmaceutical products are processed all over the world using various granulation methods. The highlight of this presentation is to focus on the modern day granulation technology used in pharmaceutical industry, to understand basics of granulation process flow, to understand various factors affecting wet granulation, to look at the challenges with conventional granulation approach and the bottlenecks involved in granulation process particularly in wet granulation.

17/8/2021

CIRCULAR

Dear Faculty Members,

Oriental College of Pharmacy, Department of Pharmaceutics is organizing a Webinar on 'Advancements in Wet Granulation Technology' on Saturday, 28th August 2021.

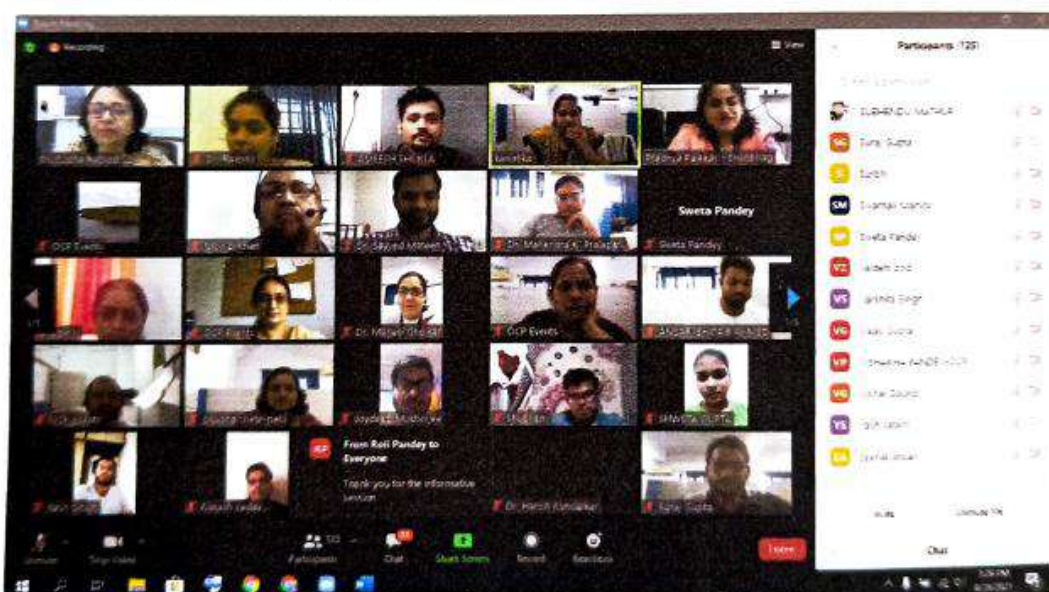

Please find enclosed herewith the Webinar brochure for your kind reference.

Solicit your presence.

Dr. Mrs. Sudha Rathod
Principal

Dr. Mrs. Pradnya Palekar-Shanbhag
Professor & HOD
Department of Pharmaceutics
Webinar Coordinator

Department of Pharmaceutics of Oriental College of Pharmacy [OCP] organized a webinar on 'Advancements in Wet Granulation Technology' by Mr. Ameesh Shukla, Senior Executive International Business, Macleods Pharma on Saturday, 28th August 2021. The webinar was attended by undergraduate and M. Pharm. students, researchers, faculty and industry professionals. Principal, Dr. Sudha Rathod welcomed the guest speaker and she thanked the speaker for sharing his knowledge and experience and also thanked the Co-ordinator, Dr. Mrs. Pradnya Palekar - Shanbhag, Professor & Head, Pharmaceutics Department and the Organizing Committee for taking an initiative for such noble and holistic approach. Regarding the webinar, granulation is an important unit operation in the production of solid dosage forms. Granulation process improves flow and compression properties and the product yield. The webinar helped to understand the challenges with conventional granulation approach, focussed on modern day granulation technology used in pharma industry, the automation in granulation and the upcoming granulation technologies. The Principal, Coordinator and Organizing Committee thanked the Management for their strong support to organize such successful event.

Report on the session of soft skills development program organised by the placement cell of OCP

An online seminar on the soft skill development program was organized by the placement cell of Oriental College Of Pharmacy . This seminar was organised for all the tenderfoots of aspiring graduates i.e the final year students of b.pharm and the final year M. Pharm from **12th to 20th August 2021**. The entire session was conducted on a virtual meet . The seminar aimed at bettering the students with their overall personality development by developing their soft skills.

The program is Barclay's "Connect with work" in collaboration to Rubicon.The session then started by greeting the guest speaker for the day Shamzah Bharde. Madam started the session on individuals training by discussing all the essentials that must be known by all the students entering the industries. She enlightened on the following points like the industrial expectation from the freshers that is to be learned, She also said that the key role in the overall soft skill development will come from knowing their strength,weaknesses, opportunities, threats etc. Sir also guided on the most commonly used words in the corporates and the importance of positive body language, and on the elimination of the stage fear and also on how to master public speaking.

It was indeed a very beneficial session for the final yearites and also for the second yearites of the m.pharm as reflected in the feedback

INTRODUCTION

The entire world is under a devastating pandemic caused by COVID-19 with a high mortality rate. Knowledge of the viral structure, factors that help in its progression and spread, pathological findings, diagnostic methods and treatment modalities helps in understanding the viral disease and also in treating the patients in a better way besides preventing the community spread of this deadly infection.

This webinar thus highlights the global epidemiological status, characteristic of the virus, symptomatology of the patients, role of diagnostic tests available, research strategies, use of animals in research and the latest line of treatment of COVID-19.

SPEAKER

DR. B. DINESH KUMAR
Designation- Scientist 'G'
Director Grade (Former)
ICMR - National Institute of
Nutrition (NIN), Hyderabad.
**Topic: Pharmacological Challenges
of COVID-19 Therapeutics**

DR. UDDHAV CHAUDHARI
Designation- Scientist E,
Department of Primate Biology,
ICMR-National Institute for
Research in Reproductive Health,
Mumbai
**Topic: Animal Models in Covid -19
Research and Vaccine
Development**

PROGRAMME OBJECTIVES

The participants will be able to know more about COVID-19 like

- > Strategies that can be used for research and vaccine development.
- > Pharmacotherapy of Covid-19
- > Motivate the participants to explore in detail about the virus and rekindle in them scientific thinking.

PROGRAM SCHEDULE

- > Welcome speech :10:00 AM
- > Session 1 : 10:10 AM
- > Session 2 :11:15 AM
- > Vote of Thanks

Registration Link:

Note: Registered participants will get the Zoom ID and Password on their registered email

REPORT

National Level Webinar on “Insight and Challenges of Covid-19 Research, Treatment & Vaccine Development” Organized by Department of Pharmacology, on 3rd July 2021.

National Webinar entitled “Insight and Challenges of Covid-19 Research, Treatment & Vaccine Development” was organized by Department of Pharmacology, on 3rd July 2021. The Resource persons were ICMR scientists, **Dr. B. Dinesh Kumar**, Ex Scientist 'G' & HOD Drug Toxicology Division, Animal Facility, ICMR - National Institute of Nutrition (NIN), Hyderabad –T.S. INDIA., & **Dr. Uddhav K Chaudhari** Scientist 'C', Department of Primate Biology, ICMR- National Institute for Research in Reproductive Health, Parel Mumbai.

Dr. B. Dinesh Kumar explained the basics of vaccine development and the stages of drug discovery. He also introduced the attendees to the development of Covid-19 vaccine. Few experiences of his research tenure were also shared by him with reference to the challenges in design, development and testing of Covid-19 vaccine.

Dr. Uddhav K Chaudhari explained about the clinical progress of Covid-19 and challenges in development of vaccine for it. He also explained the use of non-human primates in research.

Also the question answer session was very well structured. Principal Dr. Mrs. Sudha Rathod was the convener, Head of Department, Dr. Sayyed Mateen co-ordinated the programme with the help of Mr. Imtiyaz Ansari and Mrs. Pushpalata Chougule.

Report on Webinar Conducted on "Immunological Assay"

A state level webinar was conducted on the topic "Immunological Assay" at Oriental College of Pharmacy on 24/03/2021, where a total of 145 Mpharm Students (QA, Pharmaceutics and Pharmacology) students and Faculties from Mumbai, Pune, Nashik and Dubai attended the session live on Zoom video call.

The webinar started with greeting and welcoming all the participants by Host Mr. Krish Jain

Further a welcoming speech was given by Principal Madam and Convenor Dr. (Mrs.) Sudha Rathod, where madam introduced sir and updated the participants that sir is also the main CPCSEA nominee of Oriental College of Pharmacy IAEC committee.

A brief intro about the speaker Honb'le Dr. Dhanjit Das sir was read by the host.

(Dr Dhanjit K Das Brief Intro)

Dr Dhanjit K Das is working in the area of human genetics for last 10 years. Presently he is working as a Scientist at ICMR - National Institute for Research in Reproductive Health (NIRRH) located at Parel, Mumbai. His group has done extensive work in diagnosis of various genetic disorders by cytogenetic and molecular techniques. In the area of neuro-developmental disorders, they evaluate the suspected cases of fragile X syndrome patients using a novel technique for presence of FMRP protein in their peripheral leucocytes and the diagnosis is confirmed by analysis of CGG repeat analysis in FMRP gene. Recently, his group is involved in identifying the genetic variation in cases of familial Schizophrenia using next generation sequencing. They have identified genetic variation in calcium channel genes as well as 22q11.2del in Schizophrenia. They are also engaged in development of induced Pluripotent Stem Cells (iPSCs) based cellular model for studying various neuro-psychiatric disorders specially schizophrenia. They have successfully developed neurons from iPSCs in order to develop cellular model for Schizophrenia. He has published more than 30 publications in reputed national and international journals. He has been awarded prestigious Indo-US fellowship for carrying out research in the area of Schizophrenia.

Then, the session started at 10:15am by the speaker. The session ended at 11:45am with a very informative and descriptive presentation slide by the speaker.

Dr. (Mrs.) Sudha Rathod
Principal
Oriental College of Pharmacy
Plot No. 3, 4 & 5, Sector-2,
Sanpada, Navi Mumbai.

Dr. Das spoke in detail about the Immunoassay technique basically the ELISA- Direct, Indirect and Sandwich; Radioimmunoassay and much more with illustrations and examples.

Then the session was further taken on by the Mpharm coordinator and Session Coordinator Dr. (Mrs.) Vanita Kanase. It was a 20mins Q&A session. Where all the participants took active part and made the session very interactive.

Lastly, HOD QA and Coordinator of the session Dr. (Mrs.) Vandana Jain gave the Vote of Thanks. Thanking each and every one for their active participation in the webinar and also hoped for keeping many such sessions which can be helpful to all the participants and hoping to get many more participants in the future sessions.

REPORT ON THE SESSION ON "CV WRITING" ORGANIZED BY PLACEMENT CELL

An online session on CV writing seminar was organized by Oriental College of Pharmacy virtually through Google meet for final year B. Pharm and second year M. Pharm students on 18th Feb 2021. The session on CV writing was conducted in order to help the final year students of B.Pharmacy / M.Pharmacy in preparing an effective CV as they would be exposing themselves in the real world soon and so as to have enough knowledge on proper writing and presenting their skills and achievements.

The guest speaker for the seminar was Dr. Sonal Sharma. The session started with the introduction of the guest speaker by the host for the event Mr. Akash Tiwari and Ms. Avantika Dubey. Dr. Sonal has shared her knowledge, tips and tricks on writing an amazing CV. She also mentioned all the essentials for writing the CV and emphasized saying the CV should be made appropriately and has to be errorless as the CV is going to be the first impression of the person. She then started with the basics by discussing the difference between the resume and the CV. She then spoke about the format in which the CV is to be prepared. And the Do's and Don't in the CV writing. At the end of her session she solved all the doubts asked by the students and tried to solve them in every possible way she could.

The session then ended by thanking the speaker for her precious time and guidance. The whole event ended successfully and was found to be very beneficial for final year students as reflected from the feedback responses received.

Distinguished Speaker

Dr. Alka Mehta

Dr. Alka Mehta, a pharma veteran having 25+ years of experience in Research Department like Lupin, Cipla & Wockhardt). She is currently working in Aikom Laboratories Limited at Global Head IP (from Jan 2019 - May 2020) based at Mumbai, India. She recognized as "Top 100 Powerful Woman in Law" by World Intellectual Property Forum (Vol. 1 Issue 1 Published 2017).

Professional Qualification

• M. Pharma (Pharmaceutics)	• August 1993	• SNDT (C.U. Shah College of Pharmacy)
• Ph.D. Tech. (Pharmaceutics)	• August 1997	• SNDT (C.U. Shah College of Pharmacy)
• LLB (Intellectual Property)	• August 2008	• Mumbai University
• Ph. D (Interdisciplinary in Law)	• Thesis submitted	

Topics for Discussion

- Intellectual Property Rights (IPR) - Introduction, definition, need history
- Patents - Introduction, Indian Patent Act (1970), Patent and claim drafting, Process of filing and prosecution, Rights achieved, Patentability with respect to Regional/ country's
- Requirement, Opposition of Patent
- Self-Study - Case Study Presentations
- Patent Filing under PCT (Paris Convention Treaty/Patent Convention Treaty) - Introduction, filing and prosecution, territorial specificity
- IPR infringement and remedies

About Webinar

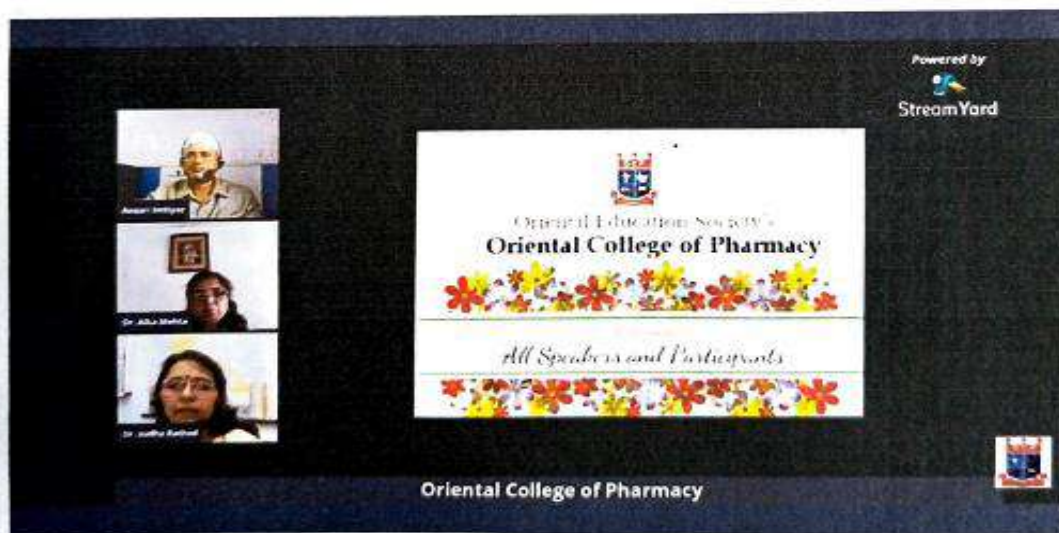

In the modern world, intellectual property rights have a significant influence on international trade and indigenous trade of every nation. IP is a powerful tool of economic growth by stimulating creativity and innovation, generating revenue, promoting investment, enhancing culture, preventing "brain-drain", and nurturing over-all economic health. Strong IP laws make a huge contribution to both the overall economy of the country and their respective state. Intellectual Property rights have added the intrinsic value to all kinds of products, as unique creation and ideas are becoming a more and more important aspect in nowadays. Keeping this in view, three days webinar series on "Intellectual Property Rights and Patents" is being organized by Oriental College of Pharmacy, Sanpada, Navi Mumbai, on 21, 22 & 23 September 2020, from 3 pm to 4.30 pm. This online webinar is an opportunity for scientists, teachers, students to enhance their understanding of intellectual property and patents.

REPORT FOR APTI

Oriental Education Society's Oriental College of Pharmacy organized, One Week Global e-FDP on "ADVANCEMENT IN PHARMACEUTICAL EDUCATION"

Oriental Education Society's Oriental College of Pharmacy successfully conducted one week global e-FDP on "ADVANCEMENT IN PHARMACEUTICAL EDUCATION" from 6 to 11 July 2020. The program got an overwhelming response with **657 participants** from pharmacy stream all over the country and few participants across the globe also. The main aim of the FDP was to update faculty for PCI syllabus for UG and PG courses. In this program eminent speakers from globally recognized institutes shared their knowledge by giving us a ray of hope to deal with the present scenario of pandemic Covid-19 for better mankind. The event was made available Live to the registered participants through Oriental College of Pharmacy youtube channel.

Dr. Vandana Jain, Dr. AshishDev and Dr. Ganesh Deshmukh have worked as coordinators under the efficient guidance of Principal and Convenor Dr. (Mrs) SudhaRathod. As per the inputs/feedback received from the participants, the overall conduct of the program was excellent and a successful event.

REPORT

“Intellectual Property Rights (Scope, Infringement and Remedies)”

under the ‘Prof. Javed Khan Annual Lecture Series’ held on 11th October 2019

Speaker: Ms. Pallavi Kharkar, proprietor and founder IPRAM, patent attorney

Timing: 10.30am to 12.30pm

Intellectual Property Rights have now become a part and parcel of everyone’s life, be it a common man, an industrialist or a researcher. Ever person has now realized the importance of protecting their ideas used for production of a commodity, the design of a product or the products itself. Realizing the importance of this we have now included this topic in our current Final Year B. Pharm syllabus under the purview of an elective subject at the Sem VII level. To facilitate understanding regarding the scope, the rights conferred by the different laws, the infringements possible and the remedies for the same a seminar was organized by Dr. Sudha Rathod (Convener) and Dr. Manasi Gholkar (Co-ordinator) on 11th October 2019 at Oriental College of Pharmacy, Sanpada, Navi Mumbai

The speaker invited was Ms. Pallavi Kharkar who is a proprietor and founder of IPRAM. She has an experience in Pharma and Global IPR of more than 15 years and is also invited visiting faculty to many educational institutes to deliver a talk on related topics. She has facilitated the filing of numerous Indian as well as International Patents till date.

Her talk started with a general purview on what Intellectual Property Rights relate to and then she went on to explain each of them in short. She mostly touched upon the aspect of Patenting. She explained all the sections of the Indian Patent law in detail with examples to the audience. It was an interactive session and she even quizzed the students based on their prior knowledge. Ms. Pallavi also explained a few case studies to clarify the aspect of infringement. She gave tips to the students on how to analyze whether a particular case can be considered as infringement or not.

She even covered the topic on International Patenting under the PCT, its process and the advantages for the same. The session ended with discussion on some questions asked by the faculties as well as students. It was indeed a very useful seminar for the students as well as the faculties.

QIP FOR NON-TEACHING STAFF

Wednesday, May 15, 2019

Report for Staff Quality Improvement Programme

The undersigned conducted Quality Improved Session on 10th May 2019 at 10.00 am in Pharmacognosy laboratory. The laboratory staff attended Quality Improvement Session very enthusiastically.

Topic: Instrument Handling:

1. Soxhlet Apparatus
2. Clevenger Apparatus
3. Dean Stark Apparatus

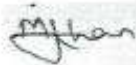

Subtopics of Session

Daily life: Importance of plant and animal based crude drugs was discussed

Basics: Extraction and isolation of crude drugs was informed

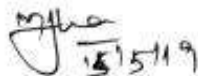

Emphasis: Working and Utility of the equipment was explained

Solution: Answers were given to queries if enquired

STAFF QUALITY IMPROVEMENT PROGRAM

2018-19

Topic: Operation & Safety measure of 8 station rotary single compression machine

Trainer: S.K.Kar

Date: 10th May 2019

Time: 10.30 am – 11.00 am

No. of Staff present: ¹² ~~13~~ (attendance sheet attached)

Points covered in short:

1. Key parts of machine
2. Key safety points to be observed when handling the machine
3. Parts of compression tool
4. How to set compression tool
5. Steps during compression
6. Live compression of Tablets with dummy granules
7. Answering queries
8. Questions & Answers

Report on Staff quality improvement programme

Date: 10th May 2019

Time: 2.30-3.30 PM

Topic: HPLC basic, analytical Instrument Handling

By: Dr. Vandana Jain

A training on HPLC basic and Instrument handling was given to the lab assistants and lab attendants of Oriental College of Pharmacy. During the training, information was provided about the basic instrumentation of HPLC, proper handling of the instrument and precautions to be followed for operating HPLC. Information was provided on both isocratic HPLC as well as Gradient Shimadzu HPLC instrument. At the end question answer session was kept so as to solve the queries of the concerned non-teaching staff.

Dr. Vandana Jain

QIP ON HPLC BASIC AND ANALYTICAL INSTRUMENT HANDLING

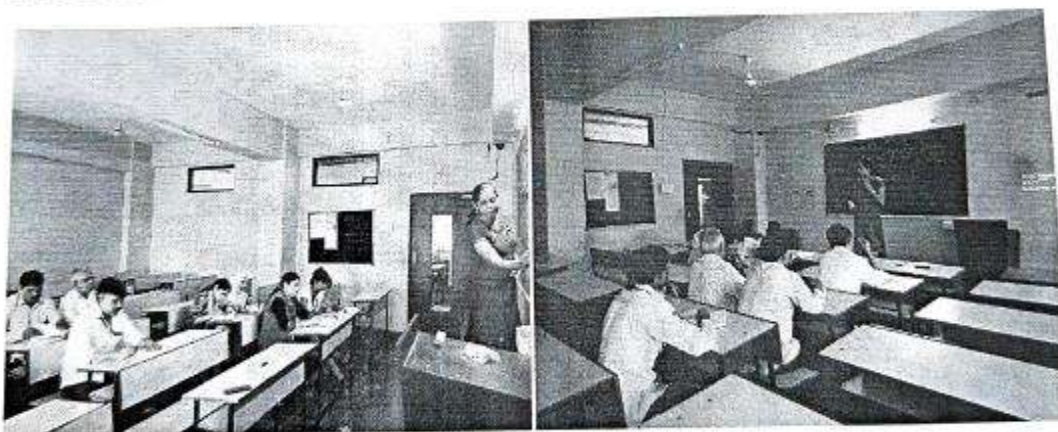

Oriental College of Pharmacy,
Sanpada, Navi Mumbai-400705
QIP (Quality Improvement Programme)
For Non-Teaching Staff
9th May 2019
Topic: Chemical Handling and Storage

Report

A Quality improvement programme (QIP) was conducted for Non-teaching staff at Oriental College of Pharmacy (Second year class room, Time: 10:00 AM to 10:30 AM) for **Chemical Handling and Chemical Storage**.

A power point presentation was made for this purpose. The presentation included information on General safety precautions, categories of hazardous chemicals, safe chemical handling procedures, proper storage of hazardous chemicals, handling chemical emergencies, types of hazards, first aid measures and real life incidents. However since the projector was not working, lecture was taken on board. All the lab assistants and attendants actively participated. The presentation concluded with discussions/suggestions and question and answer session.

QIP (Quality Improvement Programme)
For Non-Teaching Staff
11th May 2019
Topic: Animal care & Animal Handling

Report

A Quality improvement programme (QIP) was conducted for Non-teaching staff at Oriental College of Pharmacy (Pharmacology laboratory and second year lecture hall
Time: 11:00 AM to 11:30 AM
for the topic Animal care & Animal Handling

A power point presentation was made for this purpose. The presentation included information on Veterinary Care • Animal Procurement • Quarantine , Stabilization , Separation • Transport Of Animal • Laboratory Animal Husbandary & Mange Ment • Anaesthesia And Euthanasia As Per CPCSEA guidelines.

All the lab assistants and attendants actively participated. The presentation concluded with discussions/suggestions and question and answer session.

REPORT OF QIP CONDUCTED ON 9TH MAY 2019

TOPIC: Precautions to be taken while measuring and dispensing liquids

TIME: 10.30-11.00 AM

A powerpoint presentation on “Precautions to be taken while measuring and dispensing liquids” was delivered. Topic like measurement of liquids and dispensing was covered. In measurement discussions were made on approximate and accurate measurement. Discussions were also made on measuring volume using various apparatus like graduated pipettes, measuring cylinder, volumetric flask, beaker, conical flask, burette, syringe and microsyringe. Problems associated with measurement of viscous liquids, organic volatile solvents and solutions that are prone to frothing, were also discussed. The session concluded with discussion of queries of the present members.

ABOUT THE SEMINAR

Traditional medicine of natural origin has been used in India since ages. With the advances in medicinal chemistry, pharmaceutical analysis and pharmacognosy the phytochemical entities responsible for therapeutic activity have been unearthed and has continued to be beneficial to mankind. In past few decades, the focus is on semisynthetic drugs wherein the phytoconstituents have been rationally modified to improve the pharmacokinetics and pharmacodynamics of the drug. The current seminar focuses on the different approaches that can be used so that the traditional medicine continues to serve as a gold mine for modern therapeutic chemical entities.

SPEAKERS OF THE SEMINAR

Dr. S. B. Wagh,
Director,
Bansal Chemkalya Pvt. Ltd.
Mumbai

Dr. K. S. Lodha,
Professor,
Pharmacognosy and Phytochemistry,
Dept. of Pharmaceutical Sciences and Technology,
Institute of Chemical Technology,
Mumbai

Dr. Meena A. Kanyalkar,
Associate Professor,
Pharmaceutical Chemistry,
Pimpri, K. M. Kundrani College of Pharmacy,
Mumbai

Dr. Tabassum Khan,
Professor, HOD,
Pharmaceutical Chemistry & QA,
Dr. Bhanuben Nanavati College of Pharmacy,
Mumbai

GUIDELINES FOR POSTER AND ORAL PRESENTATION

- Scientific abstracts are invited for poster and oral presentation. Abstracts of interdisciplinary original and unpublished research or review preferably involving Pharmaceutical Chemistry, Quality Assurance or Phytochemistry shall reach the scientific committee by 20th February 2019.
- The abstract should be submitted online via E-mail in MS word (Formatting requirements: Times New Roman, font size-12, 1.5 cm spacing with maximum 250 words) to na.comocet@gmail.com.
- Only registered candidates will be allowed to present the accepted papers and he/she must be one of the co-authors of the publication during submission.
- The number of authors should not exceed three.
- The abstract should include title in capital, author's surname followed by initials and affiliation.
- The name of the presenting author should be indicated by underlining the author's name.
- The size of the poster should not exceed 100 cm X 100 cm.
- Not more than one abstract should be submitted by one author.
- Three amongst the submitted abstracts will be selected for oral presentation and authors will be informed on or before 23/02/2019.
- A time slot of 15 minutes will be allotted to the presenter for presenting his/her work.

SCHEDULE

09:30-10:00 am	Registration and Breakfast for delegates
10:00-11:00 am	Keynote address Dr. S. B. Wagh
11:00-11:45 am	Lecture 1: "Technological Development of Phytochemicals from Lab to Commerce" Dr. K. S. Lodha
11:45-12:30 pm	Lecture 2: "Drug design: Phytoconstituent to novel drug" Dr. Meena A. Kanyalkar
12:30-02:00 pm	Lunch break and poster presentation and evaluation
02:00-03:00 pm	Oral Presentation
03:00-03:45 pm	Lecture 3: "Natural product inspired medicinal chemistry", Dr. Tabassum Khan
3:45-4:00 pm	Tea break
04:00-04:30 pm	Prize distribution and Valedictory function

PRIZES

- Best Oral Presentation (Research): Rs. 1000/-
- Best Research Poster Presentation: Rs. 700/-
- Best Review Poster Presentation: Rs. 500/-

REPORT ON TRADITIONAL MEDICINE “GOLD MINE FOR MODERN PHARMACEUTICALS”

Oriental College of Pharmacy [OCP] organized a Seminar on ‘Traditional Drugs: Gold mine for modern Pharmaceuticals, 2nd March 2019. The seminar was attended by students’ community B. Pharm., M. Pharm. and Ph. D., academia and Industry delegates. The scientific sessions of the seminar were conducted by eminent speakers Dr. Sanjay Wagh, Director, Rumit Chemisynth Pvt.Ltd Mumbai, Dr. K. S. Laddha, Prof. Institute of Chemical technology, Mumbai, Dr. (Mrs.) Meena A. Kanyalkar, Asso. Prof., K.M.Kundnani College of Pharmacy, Mumbai and Dr.(Mrs) Tabassum Khan, Prof. Dr. Bhanuben Nanavati College of Pharmacy, Mumbai. The Principal of the college, Dr. Sudha Rathod welcomed the guests and addressed them with the objective and theme of organizing the seminar to the audience. She also expressed her wish to organize many such events in the future to uplift the overall development of pharmacy fraternity including the students. She thanked the speakers for sharing their knowledge and experience and also thanked the Seminar Convener Dr. Mohib Khan, Professor & Head, Pharmacognosy and Coordinators of the program Dr. Vandana Jain and Dr. Amjad Ali for taking an initiative for such noble and holistic approach. Many delegates expressed their happiness and said that the scientific sessions were excellent and programme was well organized. The audience got an insight about the valuable traditional medicine that have proven as a gold mine for the modern pharmaceuticals and will continue to do so in future. The poster presentation session and oral presentation competition was also being held. Institute of Chemical Technology, Mumbai bagged 2 prizes, Oriental College of Pharmacy got 2 prizes and Bharti Vidyapeeth College of Pharmacy and AIKTC won one prize each. The Principal, seminar convener and the organizing committee thanked Prof. Javed Khan, President of Oriental Education Society and Mr. Waseem Khan, Managing Director for their strong support to organize such mega event.

Principal and Coordinator of the seminar with the speakers: Dr. Meena Kanyalkar, Dr. Chhaya Gadgoli and Dr. Wagh

INVITATION

CHIEF PATRONS

Prof. Javed Khan
President

Mrs. Humera Khan
Treasurer

Dr. Azeem Khan
Secretary

Mr. Waseem Khan
Managing Director

PRINCIPAL

Dr. Mrs. Sudha Rathod

cordially invite you to

Prof. Javed Khan Annual Lecture Series **'Young Researchers' Guide For Successful Project Completion'**

Speaker:

Ms. Ruchi Singh
Co-Founder & Chief Technical Officer, Cerelia Nutritech Pvt. Ltd.
Founder Director, Relicus Healthcare Pvt. Ltd.

Time & Place:

Wednesday, 19th September 2018
11.00 am to 4.00 pm
M. Pharmacy Seminar Hall
Oriental College of Pharmacy

Ms. Ruchi Singh is the technical lead for 3 running government and foreign grants. She has filed 1 Indian patent application, 2 PCT applications and has 4 granted trademarks to her credit.

She is Co-founder and Chief Technical Officer for Cerelia Nutritech which is an IP based social enterprise for Innovative nutrient product development for BoP.

She is also the Founder Director for Relicus Healthcare Pvt. Ltd. which is involved in marketing, branding, distribution and sales of generic pharmaceuticals.

Her start up Cerelia Nutritech has won several awards at different forums Tata Social Entrepreneurship Challenge, Unconvention by Villgro, Best Startup Pitch by MSME being few.

- She was felicitated by the Governor of Goa, Smt. Mridula Sinha on occasion of Women's Day (8th March 2018) at Sea Side Startup Summit, as Budding Women Entrepreneur, the felicitation was organized by COWE.
- She is a WEE fellow (Women Entrepreneurship And Empowerment) organized by WEE foundation supported by DST and IIT - Delhi
- She is also Atal Mentor for change at NITI Ayog for guiding students involved in Atal Tinker Labs.

CO-ORDINATOR

Dr. Mrs. Pradnya Palekar – Shanbhag
Professor & HOD, Department of Pharmaceutics

Prof. Javed Khan Annual Lecture Series consists of modules held by Oriental College of Pharmacy for articulation of views on novel systems in Pharmaceuticals. The Lecture Series will invite experts, entrepreneurs, researchers and academicians whose know-how align with the topic of each lecture for overall quality improvement in the field of Pharmaceuticals.

NO REGISTRATION FEES

TARGET AUDIENCE: M. Pharm. students & Ph. D. Research Scholars

REPORT ON PROF. JAVED KHAN LECTURE SERIES

Oriental College of Pharmacy [OCP], Sanpada, Navi Mumbai organized and inaugurated '**Prof. Javed Khan Annual Lecture Series**' on **19 th September 2018**. In line with the set objectives of Oriental Education Society and Oriental College of Pharmacy, OCP instituted Annual Lecture Series named '**Prof. Javed Khan Annual Lecture Series**' as a respect and affection for our President **Sir. Ms. Ruchi Singh, Co-Founder & Chief Technical Officer, Cerebia Nutritech and Founder Director, Relicus Healthcare Pvt. Ltd.** was resource speaker and shared her research expertise in the lecture titled '**Young Researchers & Guide for Successful Project Completion**'.

The august event was attended by M. Pharm. students. **Principal Dr. Sudha Rathod** welcomed resource speaker and thanked **Programme Co-ordinator, Dr. Mrs. Pradnya Palekar-Shanbhag, Professor & Head, Pharmaceutics Department** for initiating the event. The vote of thanks was extended by **Dr. Mrs. Pradnya Palekar - Shanbhag** and specially expressed sincere gratitude towards **College Management** for supporting this endeavour. The Lecture Series will invite experts, researchers, educationists and academicians whose expertise in the field of Pharmaceuticals would assist to advance pharmaceutical sciences and pharmacy practice in all settings and upgrading standards of pharmacy professional services.

Prof. Javed Khan Annual Lecture Series will include several modules and elements to facilitate articulation of views on greater research among students and faculty. The **Principal, Programme Co-ordinator and Organizing Committee** thanked **Prof. Javed Khan, President of Oriental Education Society and Mr. Waseem Khan, Managing Director** for their strong support to organize such successful event.

SEMINAR CUM WORKSHOP ON VISCOSITY & TEXTURE ANALYSIS IN PHARMACEUTICAL INDUSTRY

<p style="text-align: center;">ABOUT ORIENTAL COLLEGE OF PHARMACY</p> <p>Oriental College of Pharmacy was founded in 2004 by Prof. Javed Khan President of Oriental Education Society and is nurtured by dedicated efforts from Mr. Waseem Khan, Managing Director, Oriental Education Society. The College is certified by ISO 9001: 2008, recognized by AICTE, PCI and affiliated to University of Mumbai. The College offers B. Pharm, Programme and M Pharm, Programmes in three branches viz. Pharmaceuticals, Quality Assurance and Pharmacology. Oriental College of Pharmacy is committed to provide conducive environment to students for developing their knowledge and aptitude in the field of pharmacy and related sciences. The College takes constant efforts to upgrade infrastructure, quality and standard of education along with active participation in research, both the activities being encouraged by our management.</p>	<p style="text-align: center;">CHIEF PATRONS</p> <p style="text-align: center;"><i>Prof. Javed Khan President, OES</i></p> <p style="text-align: center;"><i>Mrs. Humera Khan Treasurer, OES</i></p> <p style="text-align: center;"><i>Dr. Azeem Khan General Secretary, OES</i></p> <p style="text-align: center;"><i>Mr. Waseem Khan Managing Director, OES</i></p>	<div style="text-align: center;">  <p>ORIENTAL EDUCATION SOCIETY'S ORIENTAL COLLEGE OF PHARMACY in collaboration with BRK Instruments India LLP invite your participation in</p> </div> <p style="text-align: center;">One Day Seminar cum Workshop on 'Viscosity & Texture Analysis in Pharmaceutical Industry' Thursday, 30th August 2018 (An IQAC Activity)</p> <div style="display: flex; justify-content: space-around; align-items: center;">    </div> <p style="text-align: center;">ORIENTAL COLLEGE OF PHARMACY Sector 2, Plot No. 3, 4, 5 Near Sanpada Railway Station Navi Mumbai - 400 705 Phone: 91 022 27758715 Website: www.ocpedu.in</p>
<p style="text-align: center;">About BRK Instruments India LLP</p> <p>For over 75 years Brookfield Engineering Laboratories has been the world's leading manufacturer of viscometers and Rheometers for laboratory and on-line process control applications. The reputation of the Brookfield viscometer is built on more than just a superior scientific principle. There are more Brookfield viscometers used in industries worldwide than any other viscometer. Many Society and industrial specifications describe the use of a Brookfield viscometer. Laboratory Viscometers and Rheometers include Dial Reading (Analog) and Digital Display. Model of which several are Programmable, On-line Process Control Viscometers include Probe, In-Tank, In-Line and flow through models. All Brookfield viscometers employ the well-known principle of rotational viscometry; they measure viscosity by sensing the torque required to rotate a spindle at constant speed while immersed in a fluid. The torque is proportional to the viscous drag on the immersed spindle, and thus to the viscosity of the fluid.</p>	<p style="text-align: center;">PRINCIPAL <i>Dr. Mrs. Sudha Rathod</i></p> <p style="text-align: center;">Programme Convener <i>Dr. Mrs. Pradnya Palekar - Shanbhag Professor & Head Department of Pharmaceutics</i></p>	
	<p>Contact us at ocpseminar2004@gmail.com</p>	

<p>Objective of Seminar cum Workshop</p> <p>The viscometer, rheometer and texture analyser are the most important tools for the pharmaceutical industry. The "three dimensions" knowledge of a material's rheological characteristics is valuable in predicting its pourability, its performance in a dipping or coating operation, or the ease with which it may be handled, processed, or used. The interrelation between rheology and other product dimensions often makes the measurement of viscosity the most sensitive or convenient way of detecting changes in color, density, stability, solids content, and molecular weight. The workshop shall cover advances in viscosity measurements and texture analysis. To understand science of flow in terms of viscosity and rheology. The ability to gather data on a material's viscosity behavior gives manufacturers an important "product dimension." Knowledge of a material's rheological characteristics is valuable in predicting its pourability, its performance in a dipping or coating operation, or the ease with which it may be handled, processed, or used. The interrelation between rheology and other product dimensions often makes the measurement of viscosity the most sensitive or convenient way of detecting changes in color, density, stability, solids content, and molecular weight.</p> <p>Scientific Session I by Mr. Rahul Mishra</p> <ul style="list-style-type: none"> > Different types of Rheological behaviors > Types of Viscosity > Brookfield Viscometers and accessories > How to measure viscosity and rheology > Problems and solutions towards viscosity analysis <p>Scientific Session II by Mr. Rahul Shinde</p> <ul style="list-style-type: none"> > Introduction to Texture Analysis > Important applications in Pharmaceutical Industry 	<p style="text-align: center;">SPEAKERS</p> <p style="text-align: center;"><i>Mr. Rahul Mishra Product Specialist : Brookfield Viscometer</i></p> <p style="text-align: center;"><i>Mr. Rahul Shinde Product Specialist : CT 3 Texture Analyzer</i></p> <p style="text-align: center;">SCIENTIFIC SESSIONS</p> <p style="text-align: center;">10.30 am to 1.30 pm</p> <p style="text-align: center;">VENUE DETAIL</p> <p style="text-align: center;">Seminar Hall, Ground Floor, ORIENTAL COLLEGE OF PHARMACY</p>	<p style="text-align: center;">REGISTRATION FORM</p> <p>Name: _____</p> <p>Designation: _____</p> <p>Institution: _____</p> <p>Address: _____</p> <p>Phone no: _____</p> <p>E. mail: _____</p> <p>Date: _____ Signature: _____</p> <p>Signature of HOD/Principal: _____</p> <p>Seal of the institute: _____</p> <p style="text-align: center;">Form may be photocopied for circulation</p>

Oriental College of Pharmacy [OCP], Sanpada, Navi Mumbai organized **One Day Seminar cum Workshop** on **'Viscosity & Texture Analysis In Pharmaceutical Industry'** in collaboration with **BRK Instruments India LLP** on **Thursday, 30th August 2018**. The programme was attended by **B. Pharm. & M. Pharm.** students and faculty of **Oriental College of Pharmacy**. **Technical & Product Specialists Mr. Rahul Mishra and Mr. Rahul Shinde** as resource speakers covered the significance of measurement of viscosity and texture analysis in Pharmaceuticals. The interrelation between rheology and other product dimensions that makes measurement of viscosity the most sensitive or convenient way of detecting changes in color, density, stability, solids content, and molecular weight was well explained. **Principal Dr. Sudha Rathod** welcomed the resource speakers and thanked the speakers for sharing their knowledge and experience and also thanked **Programme Convener, Dr. Mrs. Pradnya Palekar-Shanbhag, Professor & Head, Pharmaceutics Department** for initiating industry collaborative IQAC activity. The vote of thanks was extended by **Dr. Mrs. Pradnya Palekar-Shanbhag** where she specially expressed gratitude towards **BRK Instruments India LLP** for programme sponsorship. The Principal, Programme Convener and organizing committee thanked **Prof. Javed Khan, President of Oriental Education Society** and **Mr. Waseem Khan, Managing Director** for their strong support to organize such successful event.

INTRODUCTION

Today the profession of teaching in Pharmacy has become quite challenging. Pharmacy teachers are expected to be both effective teachers and researchers. A teacher can "teach" all day long and cover an extensive amount of material, but if students have not learnt the material, the exercise is an enormous waste of energy and time. Being an educator is not just about sharing knowledge; it is about making sure that learners truly integrate this knowledge and derive learning out of it. Any teaching that does not result in effective learning is useless. Therefore, to be an effective teacher, one needs to be able to deliver the domain knowledge using the most suitable pedagogical tools. An effective teacher is also required to remain at the frontiers of knowledge in his/her areas of subject expertise.

As teachers, we are all concerned with improving the education that our students receive. But instead of focusing on the classroom, we need to take a step back: if education is going to improve, we must work on improving initial teacher training. For this, every teacher needs to continuously upgrade himself/herself by engaging in learning new teaching skills and involving in research also. In Pharmacy candidates opting teaching as career, are not trained as a professional teacher as in case of Bachelor and Master of education (B. Ed/M. Ed). Therefore, this Faculty Development Programme (FDP) is aimed at honing the teaching skills of Pharmacy teachers.

ORIENTAL COLLEGE OF PHARMACY

PROGRAMME OBJECTIVES

- To train teachers with skills and knowledge to promote the professional development.
- To foster a climate for innovation in teaching and learning.
- Be able to suitably apply the principles of learning in varied learning contexts.

RESOURCE SPEAKERS
From
Oriental College of Education

1. Dr. (Mrs.) Ratani Thakur
2. Dr. (Mrs.) Sangeeta Nath
3. Prof. (Mrs.) Swarnlata soni
4. Dr. (Mrs.) Pushpa Torne

PROGRAM SCHEDULE

- Welcome speech : 11:30-11:40 AM
- Session 1: 11:40-12:40 PM
- Lunch Break
- Session 2: 1:30-2:30 PM
- Session 3: 2:30-3:30 PM
- Vote of Thanks

06/07/2018

Notice

All the Faculty members are hereby informed that there is a Faculty Development Program on Pedagogical analysis on Saturday (07/07/2018) at 9:30 am in First Year class room (Room no. 406) 4th floor. All are instructed to attend the same and adjust the morning teaching schedule (Lecture and Practical) in afternoon session.

REPORT OF
FACULTY DEVELOPMENT PROGRAM
ON
PEDAGOGICAL ANALYSIS
"Teach To Learn And Learn To Teach"
Held on
7th July 2018

Oriental College of Pharmacy, Sanpada, Navi Mumbai organized **FACULTY DEVELOPMENT PROGRAM ON PEDAGOGICAL ANALYSIS** on 7th July 2018 under the guidance of **Dr. Sudha Rathod, Principal, Oriental College of Pharmacy**. The workshop was attended by the faculty of Oriental College of Pharmacy and students of Oriental College of Education. The workshop was conducted by the Principal and faculties of Oriental College of Education. Principal, **Dr. Sudha Rathod** welcomed the resource speakers and she thanked the speakers for sharing their knowledge and experience.

Dr. Sudha Rathod also thanked **Programme Convener, Dr. Sayyed Mateen, Associate Professor, Department of Pharmacology** for taking an initiative for organizing such edifying event. The faculty development program was designed to inculcate good teaching practices among the faculties, to train teachers with skills and knowledge to promote the professional development and to foster a climate for innovation in teaching and learning. The FDP was divided into four different sessions. These FDP sessions were conducted by following faculty of Oriental College of Education as resource persons on the topics given therein:

Sr. No.	Name of Speaker/Trainer	Topics of FDP
1.	Dr. (Mrs.) Ratani Thakur	Basics of Pedagogical Analysis-Panchpadi Teaching Lesson Plan, Core Element and Values
2.	Dr. (Mrs.) Pushpa Torne	Introduction Skill / Set Induction and Blackboard writing Skill
3.	Ms. Swarnalata Soni	Teaching skill development Questioning skill & Maxims of teaching
4.	Dr. (Mrs.) Sangeeta Nath	Conceptual framework of Pedagogical Analysis Micro skills and Teaching skills

The Principal, Programme Convener, Resource persons and attendees thanked Prof. Javed Khan, President of Oriental Education Society and Mr. Waseem Khan, Managing Director for their strong support to organize such successful event.

Report of
Non Teaching Laboratory Staff Quality Improvement Programme (QIP)
held on 24th & 25th May 2018

Oriental College of Pharmacy, Sanpada, Navi Mumbai organized Non-Teaching Laboratory Staff Quality Improvement Programme (QIP) on 24th & 25th May 2018 under the guidance of Programme Convener Dr. Sudha Rathod, Principal of Oriental College of Pharmacy. The Programme was co-ordinated by Dr. Mrs. Pradnya Palekar-Shanbhag and attended by Lab Technicians, Lab. Assistants and Lab Attendants. The QIP sessions were conducted by following faculty as resource persons on the topics given below:

Topics for QIP	Name of Trainer
Chemical Handling	Mr. Amey Deshpande
Chemical Storage	Dr. Firoz Khan
Instrument Handling, Soxhlet, Clavenger, Dein Stark	Dr. Mohib Khan
Precautions To Be Taken In Laboratory	Mr. Asish Dev
Operation & Safety Measures of 8 Station Rotary Press	Mr. S. K. Kar
Animal Care & Animal Handling	Mr. Imtiyaz Ansari
Laboratory Documentation	Dr. Mrs. Pradnya Palekar - Shanbhag

The Principal, Programme Co-ordinator, resource persons and attendees thanked Prof. Javed Khan, President of Oriental Education Society and Mr. Waseem Khan, Managing Director for their strong support to organize such successful event.

REPORT OF STAFF QIP

Name of faculty: Amey P Deshpande

Date of session: 24/05/2018

Time of session: 10.30am to 11.00am

Topic: Chemical handling

Following points were covered in session:

1. Weighing of chemicals
2. Proper use of pipette
3. Importance and right way of labeling chemicals
4. Proper utilization of Hot air over, fuming cupboard, lab coat, exhaust fan, first aid box etc in laboratory w.r.t. safety related to chemicals.

Attendance for the session is submitted to Dr. Nutan Rao madam.

QIP (Quality Improvement Programme)
For Non-Teaching Staff
24th May 2018
Topic: Chemical Storage

Report

A Quality improvement programme (QIP) was conducted for Non-teaching staff at Oriental College of Pharmacy (final year class room, time: 12.00 PM to 1.00 PM) for **Chemical Storage**.

A power point presentation was made for this purpose. The presentation included information on proper storage of chemicals. Most common mistakes done for storing the chemicals were also discussed with examples. The presentation concluded with discussions/suggestions and question and answer session.

**QIP (Quality Improvement Programme)
For Non-Teaching Staff
24th May 2018
Topic: Handling of Pharmacognosy Equipments**

Report

A Quality improvement programme (QIP) was conducted for Non-teaching staff at Oriental College of Pharmacy (Pharmacognosy Laboratory, time: 11.00 a.m to 12.00 noon) for **on Handling of Equipments.**

The non teaching first informed about study of Pharmacognosy with example of Turmeric and some house hold crude drugs.

All the equipments, like Simple microscope, Compound microscope, Camera lucida, Clevenger, Steam distillation, Reflux, Simple distillation, Soxhlet and Dein Stark were first shown.

Later, individual instrument assembled for a complete unit operation. The working and function of each then explained.

The session concluded with discussions and question and answer.

Summary report of QIP for Laboratory staff on Tablet Compression Machine

By: S. K. Kar

Date: 24th March 2018

Time: 2.15 pm to 3.30 pm

Area: Machine room No.-1

Following are the topics covered:

1. Introduction of the Machine (8 station)
2. Purpose of the Machine
3. Various Key parts of Machine and its function
4. How to set the compression tooling
5. How to operate machine
6. What are the safety points one should take care during operation
7. Compression of Tablet in actual.
8. What are the quality tests done on compressed tablets
9. Procedure for daily cleaning
10. How to keep the machine when not in use for long period.
11. Question and Answer.

QIP (Quality Improvement Programme)
For Non-Teaching Staff
Friday 25th May 2018
Topic: Laboratory Animal Care & Animal Handling

Report

A Quality improvement programme (QIP) was conducted for Non-teaching staff at Oriental College of Pharmacy (final year class room, time: 10.00 AM to 10.30 AM) for **Laboratory Animal Care & Animal Handling**.

Mr. Imtiyaz Ansari, HOD & Assistant Professor, Department of Pharmacology explained the topic "**Laboratory Animal Care & Animal handling as per CPCSEA guidelines**". A power point presentation was made for this purpose. The presentation included all information on various animals used for pharmacology experiments, importance of preclinical study, handling and care of commonly used laboratory animals as per CPCSEA guideline. At the end demonstration was shown for proper care in handling animals while administering the drug by different routes. The session concluded with discussions/suggestions and question and answer session.

ORIENTAL COLLEGE OF PHARMACY

Oriental College of Pharmacy was founded in 2004 by Prof. Javed Khan, President of Oriental Education Society and is nurtured by dedicated efforts from Mr. Waseem Khan, Managing Director, Oriental Education Society. The College is certified by ISO 9001: 2008, recognized by AICTE, PCI and affiliated to University of Mumbai. The College offers B. Pharm. Programme and M. Pharm. Programmes in three branches viz. Pharmaceutics, Quality Assurance and Pharmacology. Oriental College of Pharmacy is committed to provide conducive environment to students for developing their knowledge and aptitude in the field of pharmacy and related sciences. The College takes constant efforts to upgrade infrastructure, quality and standard of education along with active participation in research, both the activities being encouraged by our management.

SCHEDULE OF WORKSHOP

Literature review an integral part of research Process	11:00-11:45 am
Sources of Literature Review Quick Tips to Identifying High Quality Research Writing Literature review for thesis /research proposal Developing theoretical and conceptual framework from literature review	
Art of writing a good research proposal	12:00-12:45 pm
Problem statement Logical project flow Project Visualization	
Lunch Break	12:45-1:30 pm
Funding opportunities available for research	1:30-2:15 pm
Government and Non-government funding opportunities Translation of research Incubation and funding	
Workshop	2:30-3:45 pm
Demo of End Note (Free Referencing software for generating bibliography)	

REPORT ON SUCCESSFULLY ATTRACTING RESEARCH FUNDING : THE ROAD FROM IDEA TO GETTING FUNDED FOR ACADEMIC RESEARCHERS

Department of Pharmaceutics of Oriental College of Pharmacy [OCP], Sanpada, Navi Mumbai organized on 'Successfully Attracting Research Funding: The Road from Idea To Getting Funded For Academic Researchers' on Wednesday, 23rd May 2018. The workshop was attended by faculty of Oriental College of Pharmacy. The workshop was conducted by Ms. Ruchi Singh, Co-Founder & Chief Technical Officer, Cerelia Nutritech Pvt. Ltd. Principal, Dr. Sudha Rathod welcomed the resource speaker and she thanked the speaker for sharing her knowledge and experience and also thanked Programme Convener, Dr. Mrs. Pradnya Palekar Shanbhag, Professor & Head, Pharmaceutics Department for taking an initiative for such instructive approach. The faculty development workshop was designed to inculcate research culture among faculty and to translate faculty research into enterprises. It was divided into three different modules; the first module involved techniques of literature survey for identifying a good research topic and eliminating irrelevant or less important areas. The second module involved art of writing a research proposal to funding agencies to fetch good amount of research grant and the third module gave an overview of the process for applying for various research grants, funding opportunities available for academic research, and translation of academic research. The workshop ended with a demonstration of free referencing software. The Principal, Programme Convener and organizing committee thanked Prof. Javed Khan, President of Oriental Education Society and Mr. Waseem Khan, Managing Director for their strong support to organize such successful event.

This necessitates a profound understanding of product formulation and manufacturing processes. The knowledge gained from pharmaceutical development studies and manufacturing experiences provide scientific understanding to support establishment of design space. The design space is a multidimensional combination of input variables (e.g., material attributes) and process parameters that have been demonstrated to provide assurance of quality. Development of a design space involves full understanding of statistical relationship between input variables (e.g. raw material and active pharmaceutical ingredient attributes), manufacturing process parameters, and output response variables represented by finished drug product critical to quality attributes (CQA). Statistical methodologies, e.g. design of experiments (DOE), response surface, and statistical process control are principle tools to develop and implement the process design space.</p>

CIRCULAR

Dear Faculty Members,

The department of Pharmaceutics has organized a Faculty Development Workshop on 'An Outlook On Design Of Experiments' on Saturday, 21st April 2018 in Seminar Hall, Oriental College of Pharmacy between 1.00 – 4.00 pm.

Please find enclosed herewith workshop brochure for your kind perusal.

Interested faculty can confirm on the sheet enclosed herewith.

Best regards

Dr. Pradnya Palekar-Shanbhag
Professor & HOD
Department of Pharmaceutics

Department of Pharmaceutics of Oriental College of Pharmacy [OCP] organized Faculty Development Workshop on 'An Outlook on Design of Experiments' on Saturday, 21st April 2018. The workshop was attended by faculty of Pharmaceutics department and their research scholars. The scientific session of the workshop was conducted by Mr. Priyank Parikh, Quality Operations, HealthCare, Merck Ltd. Principal, Dr. Sudha Rathod welcomed the guest speaker and she thanked the speaker for sharing his knowledge and experience and also thanked Programme Convener, Dr. Mrs. Pradnya Palekar-Shanbhag, Professor & Head, Pharmaceutics Department for taking an initiative for such noble and holistic approach. Pharmaceutical Quality by Design (QbD) is a systematic approach to development that begins with predefined objectives and emphasizes product and process understanding and process control, based on science and quality risk management. The knowledge gained from pharmaceutical development studies and manufacturing experiences provide scientific understanding to support establishment of design space. Statistical methodologies, e.g. design of experiments (DOE), response surface, and statistical process control are principle tools to develop and implement the process design space. The delegates got an exposure to application of factorial design approach with and without use of software, as explained by the speaker.

The Principal, Programme Convener and organizing committee thanked Prof. Javed Khan, President of Oriental Education Society and Mr. Waseem Khan, Managing Director for their strong support to organize such successful event.

Scientific Session 2</p> <p>4.50 - 5.15 p.m. Valedictory Function</p>	<p>Quality by Design (QbD) is a current burgeoning concept which is rooted on scientific, risk based and systematic approach in the development of Pharmaceutical product. The key elements of QbD, including the QTPP, COAs, QRM, CMA, CPP and control strategy, as enumerated in the ICH guidelines viz Q8, Q9, Q10 and Q11, being followed and QbD paradigms implemented in several pharmaceutical companies will be enlightened. The seminar focuses on design effort from product conception through commercialization and gives complete understanding of how product attributes and process are related to the product performance. Regulatory Compliance guidance is designed to provide assistance to all pharmaceutical manufacturers as they implement compliance programs and reassess existing programs. The essential elements outlined in this compliance guidance can be adapted to the unique environment of each manufacturer. The resulting compliance programs will benefit not only federal health care programs and their beneficiaries, but also pharmaceutical manufacturers themselves.</p>

Oriental College of Pharmacy [OCP] organized a Seminar on 'Challenges & Current Scenario: QbD And Regulatory Compliance' on Saturday, 3rd March 2018. The seminar was attended by students' community B. Pharm., M. Pharm. and Ph. D., and academia. The scientific sessions of the seminar were conducted by eminent speakers Dr. Venkatesh Katgeir, Senior General Manager, Glenmark Pharmaceuticals Ltd. and Mr. Ninad Patil, Assistant Manager, CIPLA Ltd. The Principal of the college, Dr. Sudha Rathod welcomed the guests and addressed them with the objective and theme of organizing the seminar to the audience. She also expressed her wish to organize many such events in the future to uplift the overall development of pharmacy fraternity including the students. She thanked the speakers for sharing their knowledge and experience and also thanked the Seminar Conveners Dr. Mrs. Pradnya Palekar-Shanbhag, Professor & Head, Pharmaceutics Department and Dr. Deepali Gangrade, Associate Professor & Head, Pharmaceutical Chemistry Department for taking an initiative for such noble and holistic approach. Many delegates expressed their happiness and said that the programme was well organized and the audience got an exposure to QbD maneuver and regulatory compliances in pharma field as explained by the speakers. The Principal, seminar conveners and the organizing committee thanked Prof. Javed Khan, President of Oriental Education Society and Mr. Waseem Khan, Managing Director for their strong support to organize such mega event.
