WORKSHOP REPORT

Topic: Life Skills and Employability Program

The Placement Cell of Oriental College of Pharmacy had conducted "Barclays 3 day Life Skills and Employability Program" in collaboration with GTT foundation for Final Year B. Pharm students from 1st January to 2nd February, 2023 in the seminar hall.

On the first day, students learned about interview etiquettes. Fun activities were performed by forming teams for the better comprehension of the significance of interaction and healthy communication amongst team members.

On the second day, students learned about the various key elements necessary to be considered when drafting a résumé. Copious points were discussed with respect to 'Do's and Don'ts' of Resume Writing. In the later session, students explored the execution of teamwork through two enjoyable and insightful activities. These activities helped the students understand how each team member's performance contributes to a successful result.

On day three, optimum ways of responding to challenging interview questions were discussed. A brief round of mock interviews and a practice public speaking exercise was conducted. Students participated in enjoyable activities to better understand how teamwork functions during the second half of the lesson. Students were also enlightened about how the first impression always matters during an interview and how they must present themselves. Few knacks and lessons to tackle tricky questions during an interview were shared with the aid of activities followed by group discussion and active interaction. The lesson learned from this exercise was that in order to achieve the desired outcome, each team member had to uphold their duties and responsibilities.

A valedictory event was held at the end of the day, Principal Madam, Dr. Mrs. Sudha Rathod, and Dr. Vandana Jain, the coordinator of the Placement Cell, delivered inspirational speeches which further waived off the fear of appearing for interview from the minds of the students. A vote of thanks from the organizing staff brought the program to a close followed by a group picture.

SEMINAR REPORT

Topic - Enhance Your Career and Employability quotient

The Placement Cell of Oriental College of Pharmacy, Navi Mumbai had organized a seminar on, 'Enhance your Career and Employability quotient' in collaboration with ICFAI BUSSINESS SCHOOL (IBS) on 30th August, 2022 from 1.00 P.M to 2.00 P.M. The session was held for Final Year B. Pharm students in Final Year classroom (403) and Dr. Arijit Bhattacharya was invited as the guest speaker for the session.

The creative team of the Entrepreneurship Cell came up with official flyer and invite on 29th August, 2022. Students from Final Year B. Pharm had actively participated in the seminar.

At 1.00 pm sharp, Ms. Tejashri Gunjal, Student Member of The Placement Cell and the host for the session welcomed Principal - Dr. Mrs. Sudha Rathod ma'am, Placement Cell Incharge - Dr. Mrs. Vandana Jain ma'am, speaker for the session - Dr. Mr. Arijit Bhattacharya sir, faculty members - Bharati Gawade ma'am & Vijay Ikale sir & target audience - final year students.

The session commenced by providing a brief introduction about Dr. Arijit Bhattacharya sir by the host. The host mentioned that Dr. Arijit Bhattacharya sir is an industry adept & PhD in management by training. It was also communicated that the speaker - sir is an avid researcher, presenter of numerous research papers and case studies in management conferences. This was entailed by handing over the center-stage to the speaker, respected - Dr. Arijit Bhattacharya sir.

He took off his exclusive lecture by asking the students about their future plans after completing the four-year degree course of B. Pharmacy. Some students shared their future plans, but were skeptical about achieving them. To clear their doubts, sir asked them to enlist qualities and characteristics that they think are highly significant in making a successful career in their future endeavours. In an instant many attendees spoke about different qualities and characteristics. Students were happy to see almost all the qualities they mentioned were included in the PowerPoint slides presented by sir. To make the topic even more clear to the young skeptical minds, sir, made students think of 'all the qualities they have' versus 'all the qualities they need / require to inculcate'. This compare & contrast methodology created self awareness among students & motivated them to imbibe all the lacking qualities which are necessary for the job they wish to seek. In the PowerPoint presentation slides, further were displayed examples of common people who made it to the top inspite of all the hardships they faced, be it financial or physical. Illustrations of dignified leaders, CEOs, actors were shown & students were made to think like them & absorb required qualities from them.

"The overall session was fruitful & interactive through out & worth our time" added a final year student. The session proceeded towards close, as sir welcomed questions from

Respected Vandana Ma'am,

Greetings from Rubicon...!

It is my pleasure to introduce Rubicon: Rubicon was incepted with a dream of a world where every youth has the power to transform lives for themselves and others around them. We strongly believe that every youth has the potential to make a difference in their personal lives as well as the community around them. We build competencies which would help youth seek careers and prosper in their careers of choice. We bring excitement into learning by developing and harnessing, their curiosity and intrinsic motivation for learning.

Induction Programme A.Y. 2022-23

Name of The Programme: Induction on Summer Internship in T.Y.B.Pharm.

Date of Conduct: 11th July 2022

Participant Students: Third Year B.Pharm.

Purpose: To acquaint the students about 1 month industry/ hospital internship in T.Y.B.Pharm. after Sem VI exams (May/June training)

Resource person: Mrs. Aparajita Patil

Brief Summary of the session: Mrs. Aparajita Patil, Internship In-charge informed the students that 1 month industry/ hospital internship during T.Y.B.Pharm. is mandatory for fulfilment of B.Pharm degree. It is part of the curriculum as stated by the PCI. She explained the mentor-mentee system of the institute where the mentor arranges opportunities for the students. Considering the increasing number of students and paucity of available opportunities, she encouraged the students to be proactive in approaching various firms and seeking prospects on their own. She also asked the students to start working on their soft skills, personality development and to keep a well drafted resume ready at hand. Students listened keenly and interacted well during the session.
