Subject: Request for Extension of DVV Submission Deadline Due to Technical Glitches

Dear Sir/Madam,

I hope this message finds you well. I am writing to bring to your attention a matter of concern regarding the submission of the DVV documents. Our institution has encountered unforeseen technical glitches that have impeded our ability to complete the submission within the stipulated timeframe (30th January 2024).

We have diligently worked on preparing the necessary documents for the DVV process, but due to the technical issues we are currently facing, we fear that we may not be able to meet the original deadline. These glitches have affected our data compilation and verification process, making it challenging to ensure the accuracy and completeness of the submitted information.

In light of these circumstances, we kindly request a 10-day extension of the deadline for DVV submission. This extension will allow us the necessary time to address the technical issues, thoroughly verify our data, and provide a comprehensive and accurate set of documents for evaluation.

We understand the importance of adhering to the established timelines, and we assure you that we are committed to resolving the technical glitches promptly. However, an extension would greatly assist us in maintaining the quality and accuracy of our submission.

We appreciate your understanding and cooperation in this matter.

Thank you for your time and consideration. We look forward to your positive response.

Sincerely,

Dr. Sudha Rathod

Subject: Approval of budget for the One Day visit at CIBA on 29th May 2024

Dear Sir,

As part of an Institution's Innovation Council activity, we are planning a one-day visit at the of Centre for Incubation and Business Acceleration (CIBA), Vashi on 29th May 2024.

A visit to an incubation cell offers students a myriad of benefits, fostering an environment conducive to innovation and entrepreneurship. Firstly, it provides real-world exposure to entrepreneurial ventures, igniting students' entrepreneurial spirit and inspiring them to pursue their own ideas. Secondly, students get the opportunity to interact with seasoned entrepreneurs, gaining valuable insights, mentorship, and networking connections that can shape their future endeavours.

Ultimately, a visit to an incubation cell not only enriches students' academic experience but also empowers them to become future leaders and change-makers in the entrepreneurial ecosystem.

In this context, we kindly request you to financially assist us a sum of Rs.3540/- towards this visit.

Thanking you in anticipation.

Yours sincerely,

Sudha Rathod

- The event commenced with a warm welcome and felicitation of the guest speaker, Mr. Vijaykumar Shivpuje, by Principal Dr. (Mrs.) Sudha Rathod.

2. Session on IPR:

- Mr. Vijaykumar Shivpuje delivered a comprehensive session titled "Introduction to Intellectual Property Rights (IPR)". His talk covered the fundamentals of IPR, the importance of protecting intellectual property, and its role in fostering innovation and business growth.

- He also shed light on IP management for startups, emphasizing the critical role IPR plays in the startup ecosystem.

3. Interactive Q&A Session:

- The participants, M. Pharmacy students, actively engaged in a Q&A session, showcasing their curiosity and understanding of the subject. Their questions highlighted key aspects of IPR and its practical applications in their respective fields.

4. Role of Coordinators and Organizers:

- The successful execution of the event was made possible by the dedicated efforts of Mr. Abhijit Kanavaje, the IPR coordinator and Mr. Melroy D'Sa, start-up coordinator.
- Dr. Amol Borade meticulously planned and organized the event in alignment with the IIC schedule and calendar activities.
- IIC student coordinators and members played a pivotal role in organizing and conducting the event, ensuring smooth proceedings.

5. Support and Efforts:

- The event witnessed substantial contributions from all IIC designated members, faculty, non-teaching staff, and students, who collectively ensured the event's success.

Conclusion

The IPR Day celebration at Oriental College of Pharmacy was a significant success, providing valuable insights into the realm of Intellectual Property Rights. The session by Mr. Vijaykumar Shivpuje was both informative and engaging, leaving a lasting impact on the participants. The active involvement and enthusiasm of the students, along with the dedicated efforts of the organizers and coordinators, culminated in a well-executed event that highlighted the importance of IPR in the academic and startup landscapes.

ABOUT OCP

OCP Oriental College of Pharmacy (OCP) was established in 2010 as the first private pharmacy college in the Western Suburbs of Mumbai. The Institute offers a Bachelor's Degree Program of Bachelor of Pharmacy (B.Pharm) and a two-year diploma degree of Pharmacy Program (D.Pharm) and a two-year diploma degree of Pharmacy Program (D.Pharm) in Pharmaceutical Sciences. The Institute is affiliated to the University of Mumbai. The Institute is approved by PCI, D.T.E, and is certified by ISO 9001:2015. The Institute has well-equipped laboratories, state-of-the-art infrastructure and a well-maintained library.

U.P. Accomplishments:

- 1. Outstanding academic performance in Final Year B. Pharm.
- 2. M.Pharm Research Project Grants from University of Mumbai.
- 3. Awarded Degree of National and International Certificate.
- 4. Provision of quality education to students with Pharmaceutical Education.
- 5. Provision of quality education to students with Pharmacy Education.

WORKSHOP HIGHLIGHTS

In today's pharmaceutical industry, innovation and quality are paramount in ensuring the safety and efficacy of medications. This course aims to introduce advanced students and research scholars to the cutting-edge methodologies shaping the future of pharmaceutical product development.

Key Topics to Cover:

- Understanding Computational Modeling in Drug Development:**
 - Introduction to computational modeling and its role in drug discovery and development.
 - Exploring different types of computational models (e.g., molecular modeling, pharmacokinetics/pharmacodynamics modeling).
 - Case studies highlighting the application of computational modeling in optimizing drug formulations and predicting drug behavior.
- Quality by Design (QbD) Approach:**
 - Overview of the QbD principles and its significance in ensuring pharmaceutical product quality.
 - Understanding critical quality attributes (CQAs) and critical process parameters (CPPs).
 - Real-life examples illustrating how QbD principles are applied in pharmaceutical development processes.
- Integration of Computational Modeling and QbD:**
 - Exploring synergies between computational modeling and QbD approach in pharmaceutical product development.
 - Case studies illustrating the integration of computational models and QbD principles in pharmaceutical development processes.
 - Benefits of integrated computational modeling with QbD in accelerating product development timelines and ensuring quality.

Report on "Computational Modelling & QbD Approach for Pharmaceutical Product Development"

Oriental College of Pharmacy (OCP), Sanpada, Navi Mumbai Organized One Day Seminar cum workshop on 'Computational Modelling & QbD Approach for Pharmaceutical Product Development' in collaboration with IQAC under the aegis Institutional Innovation Council on Monday, 29th April 2024. The Programme was attended by B. Pharm and M.Pharm Students and Faculty of Oriental College of Pharmacy. Dr. Khushwant Yadav, Rajasekhar Reddy Alavala and Mr. Piyush Verma were Resource Speakers, they Provided valuable insight in the field of Computational Modelling and QbD. Quality by Design (QbD) is a systematic approach to pharmaceutical development that begins with predefined objectives and emphasizes product and process understanding and process control, based on sound science and quality risk management was well explained in correlation with computational modeling Significance. First of all Lamp Lightening was done by Principal Mam, Dr. Mrs. Sudha Rathod and HOD Dr. Mrs. Pradnya Palekar Shanbhag along with all Speakers. Mr Melroy Sir, has welcomed all guests, students and faculty for the seminar then all Speakers were introduced before their session. Vote of thanks was extended by Dr. Mrs. Pradnya Palekar Shanbhag where she expressed gratitude towards all speakers for spending their valuable time in providing Knowledge. The Principal, Programme Convenor,, Pharmaceutics Department and Organizing Committee thanked Prof. Javed Khan, President of Oriental Education Society and Mr. Waseem Khan, Managing Director for their strong support to organize such a successful event.

ABOUT THE SEMINAR

- Herbal Drugs are generally gentler on the body. By using a natural drug instead of a pharmaceutical one, you may be able to reduce your reliance on synthetic medications and avoid their possible side effects.
- Adverse drug reactions, allergic reactions, drug interactions, herb-drug interactions, contamination of the drug, false authentication of the drug are some challenges.
- There is an increasing demand for natural remedies. People are looking for alternative ways to maintain their health and well-being. Herbal medicine has the potential to complement modern medicine.
