WORKSHOP REPORT

Topic: Life Skills Training Program

Investing in personality development and employability skill development is a wise investment in one's personal growth and job success. These skills are critical for personal and professional success. Personality determines how people interact and adapt, whereas employability skills reveal their competence and preparation for the work market. Both skills contribute to the overall well-being of the individual. Employers favor candidates who have a combination of technical proficiency, a well-developed personality, and important employability skills.

The Placement Cell of Oriental College of Pharmacy had arranged a 4-day workshop from 02-08-2023 to 05-08-2023 on "LIFE SKILLS TRAINING PROGRAM" in collaboration with Rubicon on "Personality and employability skills development" for Final Year B. Pharm students.

Subject: Feedback for the LifeSkill Program

Dear Sir,

It is with great pleasure that I inform you that the LifeSkills training conducted by your organisation for the students for our college has been a remarkable success.

Upon the completion of the training, a lot of students personally came to me and informed me of the learnings they were able to take away from the workshop.

Our college offers B.Pharm and also M.Pharm in three branches (Pharmaceutics, Quality Assurance, Pharmacology). In order to get in to corporate jobs, such type of trainings are quite useful. Understanding the importance of these trainings in students' career journeys, we hope that you continue this fruitful partnership with our college and help more students achieve their dreams.
