

Sports

Contrary to the common notion that Pharmacy students have devoted all their time to academics, OCP students are recognized for their athletic skills at the national and state levels. Not only does OCP provide the best training facilities for sports activities, but also induces the spirit of sportsmanship in the students.

OCP provides the students with many opportunities to demonstrate their talent on a platform much wider than their immediate peer circle in the form of events such as Gravity Sports Week and IPA Intercollegiate sports events. Active participation in sports therefore makes your body physically fit. Healthy body stores the healthy mind.

OCP promotes participation in sports for healthy and constructive activities. The College has a spacious ground for outdoor sports, with the ground being modified for specific sports. Being a reputed institution, coaches of repute are associated with our College.

For indoor games, we have a facility for table tennis, carom, badminton and chess. The open ground is used for kho-kho, kabaddi, volleyball, football, cricket, badminton and many more. Our College staff also provides expertise to the University sports body. The activities of the Sports are governed by the Sport Incharge teacher with the assistance of the Gymkhana Incharge, Teaching, Non-Teaching Staff and student representatives.
